

Hopes Dimmed For Upsurge Of GOP In Dixie

WASHINGTON (AP) — After four years of strenuous effort to build a two-party system in the South, Republicans saw their strength at the state level decline in President Johnson's landslide victory.

"Operation Dixie," heavily financed by the Republican National Committee, was geared to establishing local GOP organizations capable of electing state officers and members of Congress as well as contributing electoral votes to Republican presidential candidates.

Lost 31 Seats
Although Sen. Barry Goldwater carried five Southern states and the GOP scored a net gain of four Southern House seats, Republicans lost ground at the local level where they were trying to broaden their base for the future.

A survey of 13 Southern and border states showed that in the Nov. 3 voting, Republicans lost a net of 31 seats in state Houses of Representatives. In the turnover they won 10 and lost 41 they previously held.

In state Senate races, they lost four seats and gained four, leaving them just where they were.

The states covered in figures compiled by the Senate Republican Policy Committee's staff as part of its breakdown of election returns included Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia and West Virginia.

West Virginia Worst
Counting present lineups in Alabama, Kentucky, Louisiana and Virginia, which held no legislative elections this year, Republicans now hold less than 1 per cent of the House seats and slightly more than 8 per cent of Senate places in the various states.

The lower houses have 1,461 Democrats and only 117 Republicans. The count in state Senates is 457 Democrats, 40 Republicans.

In Mississippi, Georgia and South Carolina, all of which Goldwater carried, Republicans gained five state House seats and two Senate places.

Oddly enough in Tennessee, which Johnson carried, the GOP picked up four House and two Senate seats.

The Republicans suffered their greatest losses in the border state of West Virginia where Johnson racked up a 2-1 margin in the presidential race. There they dropped 15 House and three Senate seats.

Auto Demolished By Train; Lansing Worker Survives

CHARLOTTE (AP) — A 34-year-old Lansing factory worker lived to tell of his car's being dragged 345 feet and its motor being flung 75 feet by a Grand Trunk Western passenger train at a crossing six miles south-east of Charlotte Sunday.

He is Vern J. Swarthout of rural Charlotte. He was reported in fair condition today at a hospital here. He suffered arm, leg and foot fractures among other injuries, and spent four hours in surgery.

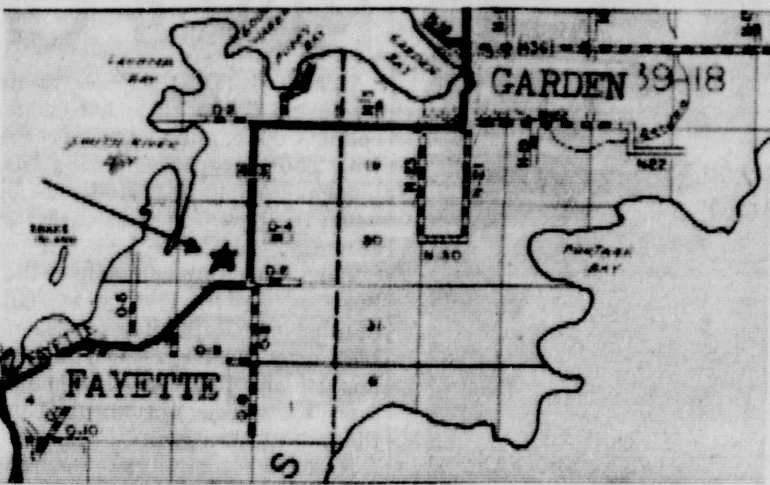

Sheriff's deputies said Swarthout told them he had been hunting in the area and that he neither saw nor heard the train before it struck his car.

Weather
By The Associated Press

Upper Peninsula — Mostly cloudy and turning colder this afternoon and tonight, with snow flurries affecting about 80 per cent of the area. Tuesday mostly cloudy with a chance of a few snow flurries. Low tonight 12 to 20. Highs Tuesday in the 20s.

The sun sets today at 5:10 p. m., and rises Tuesday at 8 a. m.

THIS MAP marks spot between Garden and Fayette where the body was found in the woods 925 feet from County Road 483.

Hunters Find Slain Man Near Fayette Road

The body of an apparent murder victim found by a deer hunter southwest of Garden Saturday afternoon has been tentatively identified as William R. Loomis, 39, of Indianapolis, Ind., a used car salesman missing from Melrose Park, Ill., since Oct. 15.

Prosecutor Nicholas P. Chapekis of Delta County announced the identification and said that an autopsy performed on the body here Sunday by Dr. R. E. Berry, pathologist at St. Francis Hospital and Dr. George Maniaci of Gladstone, Delta County medical examiner, found a gun slug in the brain.

The shot entered the head behind an ear in such a position that it could not easily have been fired by the man himself, leading to belief that he was a victim of homicide, said Chapekis.

Bullet In Head
The identity was established through detective work that started with finding of snapshots of automobiles in a pocket of the dead man. Magnification of the Indiana license plates on one of the used cars led to the ownership and the revelation that William Loomis had been missing from his place of employment at Melrose Park for more than a month.

Chapekis said that circumstances did not indicate that Loomis was a victim of professional killers as identifications were left on the body, like the pictures and the man's wristwatch. The body was badly decomposed and had been molested by wild animals.

It was found Saturday afternoon by Carl Archey of Thompson who was hunting with three companions in woods 925 feet from Delta County Road 483 five miles southwest of Garden near Fayette's Corners in Fairbanks Township. Dr. Maniaci was called to the scene and examined the body and setting and ordered the body taken to the Anderson Funeral Home in Escanaba.

Prosecutor Chapekis ordered the autopsy performed on Sunday which revealed the bullet. Chapekis said the slug, which has been sent to the Michigan Crime Laboratory of the State Police at East Lansing, appeared to be from a revolver, a .32 or .38 caliber. The Manistiquie State Police are investigating the death.

Was Car Dealer
Chapekis said that Loomis was not known in the Delta County area, as far as could be determined by officers in a weekend check.

Manistiquie State Police Sgt. Bernard Grace said the body was found shortly after noon on Saturday in mixed maple and birch woods. The location is at the rear of a pine plantation owned by Carl Van Remortel of Fayette.

The body was clothed in a dark blue business suit, sport shirt, and black oxfords. It was face down.

Five polaroid photographs showing Cadillac, Jaguar and Mercedes Benz cars were found on the body. By magnification the license numbers of the Cadillac and Jaguar was obtained and through Indiana authorities it was learned that the body was that of Loomis, reported missing on Oct. 15. The cars had been registered to Loomis.

Father Of Two
Loomis was reported as married and survived by his wife and two children. He was described as five feet 10 inches tall and weighing 160 pounds when he was reported missing. His Indianapolis residence was 3660 Kline Drive N.

"This is all strictly conjecture but to me the death has many elements of murder," said Prosecutor Chapekis. "We do not know where death occurred. It may have been hundreds of miles away from the place the body was found."

State Police said that photographs of the dead man are being obtained and the investigation will include showing them to persons of the Garden-Fayette area in an effort to determine if he had been seen there.

"There are angles we are working on in the investigation that cannot be divulged at this time," said the prosecuting attorney. "The investigation is intensive both locally and through the FBI. Materials have been shipped to the crime laboratory at Lansing for examination also."

A three-man State Police detective team has been assigned to assist in the investigation: Detective Sgt. Walter Barkle and Detective Edward Raison-en of Marquette and Detective Edwin Hill of St. Ignace. State Police of Manistiquie before noon today dispatched to Lansing and the state crime laboratory articles from the crime scene for investigation.

Johnsons Join Memorial Rites In Austin, Tex.

NEW YORK (AP)—A cluster of white rosebuds and jasmine lay among hundreds of other floral offerings on a grave in Arlington National Cemetery.

A somber President and Mrs. Johnson, both dressed in black, attended a special memorial service in Austin, Tex.

Air Force planes flew over Cape Cod in the missing buddy formation — one position vacant.

In these and many other ways a thoughtful nation paused Sunday to remember, and pay tribute, on the first anniversary of President John F. Kennedy's assassination.

Relieved Around World

The tragedy that had reached around the world was relieved around the world in solemn ceremonies, as hundreds of thousands put aside part of their day for their own private ways of remembering.

Mrs. John F. Kennedy sent a small spray of wildflowers to the grave. They were delivered by her mother, Mrs. Hugh Auchincloss.

The President's widow remained in seclusion with her two children, Caroline and John Jr., at their weekend Long Island residence.

The mother of the 35th president, Rose Kennedy, attended two Roman Catholic Masses at Hyannis Port, Mass., where the Kennedy family has its summer home.

Sen.-elect Robert F. Kennedy and his sister, Mrs. Sargent Shriver, knelt by the Arlington grave to lay roses on it, and to pray.

Praised In Moscow

In Boston about 3,000 persons, including Patricia Lawford, the late president's sister, and state dignitaries, attended a memorial Mass celebrated by Richard Cardinal Cushing. He called the slain president one of "God's greatest gifts."

Tens of thousands stood in silent prayer at New York's Kennedy Airport and in Dallas at the hour of Kennedy's death. Local leaders again issued declarations of sorrow, as so many of them had exactly one year before.

In Bonn, Mayor Wilhelm Daniels laid a wreath at the John F. Kennedy Bridge across the Rhine River.

Dutchmen flocked to Amsterdam's Kennedy Avenue to look at a bust of the late president which was unveiled Sunday.

Mrs. John F. Kennedy was sent a bouquet of red carnations from German students.

There were even a few remembrance services behind the Iron Curtain.

The Warsaw popular daily Zycie Warszawy published a tribute to Kennedy.

In Moscow, the Soviet Communist party paper Pravda praised the late president as a man of peace, and urged President Johnson "to develop the realistic tendencies which were planned in the Kennedy years."

Congo Rebels Stay Execution Of Dr. Carlson

LEOPOLDVILLE, the Congo (AP) — Rebel leader Christophe Gbenye has stayed the execution of American medical missionary Dr. Paul Carlson again but he says the stay will end today.

Central government troops led by white mercenaries resumed their advance on rebel Stanleyville. They captured the town of Lubutu, about 120 miles southeast of the rebel capital.

In a Stanleyville radio broadcast heard in the Central African Republic, Gbenye added: "We expect results of the first negotiations before 24 hours." Gbenye was speaking of talks in Kenya on the fate of Dr. Carlson and about 1,000 white hostages held by his forces.

A good road links Lubutu with Stanleyville, and the attack force expected to encounter little opposition.

"Under normal circumstances you can reach Stanleyville from Lubutu in four or five hours driving," a military source in Leopoldville said.

Observers predicted Stanleyville would fall this week unless the commando units run into unexpected resistance.

Rebel Foreign Minister Thomas Kanza arrived in Nairobi Sunday for talks with Kenya Prime Minister Jomo Kenyatta on the fate of 1,000 white hostages in rebel territory. They include 60 Americans and more than 600 Belgians.

Nationwide Railway Walkout Postponed

MRS. SARGENT SHRIVER kneels at the grave of her brother, John F. Kennedy, in Arlington National Cemetery. Standing at left is Robert Kennedy, younger brother of the assassinated president. Some 30,000 persons visited the graveside Sunday. (AP Wirephoto)

Kennedy Grave Visited By 30,000 On Sunday

WASHINGTON (AP) — Shivering with cold but warm in remembrance, some 30,000 Americans climbed the long slopes of Arlington National Cemetery Sunday to the eternal flame that burns above John F. Kennedy's grave.

Some wept, some knelt, some touched rosaries. Some pushed the wheelchairs of the aged, others trundled baby carriages bearing infants who were unborn when, a year earlier, the young president was assassinated.

Many brought home-made bouquets or single flowers. The first tribute of the anniversary day was an armful of wildflowers from the sandy soil of Kennedy's beloved home at Hyannis Port, Mass. They were sent by the widow, Jacqueline, who was in seclusion in New York with her children.

Waiting At Dawn
The wildflowers were laid at the foot of the grave by Mrs. Kennedy.

Flowers From Israel
There were many nuns and Catholic brothers paying tribute to the nation's first Roman Catholic president. But, as it happened, it was the floral tribute of the embassy of Israel that was being placed on the grave at 1:30 p.m., the moment Lee Harvey Oswald shot the president in Dallas on Nov. 22, 1963.

Since then, nearly 8 million people have made the pilgrimage to the sloping patch of Virginia land, enclosed by a low white picket fence, that overlooks the broad Potomac and the nation's capital.

Sunday, many of them — like the late president's brother, Sen.-elect Robert F. Kennedy, D-N.Y. — came direct from religious services where clergy-men spoke of John Kennedy's struggle for peace, racial justice and an end to poverty.

THROUGHS IN DALLAS

DALLAS, Tex. (AP) — Beginning at dawn and continuing until late in the night, people thronged Sunday around the spot where John F. Kennedy was assassinated one year ago.

About 200 to 300 persons were watching when the clock atop the Texas School Book Depository flashed 12:30 p.m., the time the president was shot Nov. 22, 1963, by Lee Harvey Oswald.

At 1 p.m., the moment Kennedy died in Parkland Hospital one year ago Sunday, there was silence and stillness, as Mayor Erik Jonsson had requested for a sign of public respect.

A policeman stepped into the street, raised a gloved hand and halted traffic for one minute. A tall, middle-aged man, not quite sure what he should do, removed his hat.

Hundreds and perhaps thousands thronged throughout the day to the site.

They came at dawn and as late as 10:30 p.m., when one man using a flashlight added his wreath to the dozens of remembrances.

Churches were filled for memorial services. Possibly the largest was at Sacred Heart Catholic Cathedral, attended by Protestants, Catholics and Jews.

Jet Hits Truck In Rome; 50 Die

ROME (AP) — A TWA four-jet airliner with 72 persons aboard burst apart in explosions today as it was about to leave Rome's Leonardo Da Vinci Airport at Fiumicino. About 50 persons were reported killed.

Trans World Airlines in New York said the plane hit a truck, Capt. J. E. Frankum, TWA vice president, said the jetliner at the time was trying to abort its takeoff.

"Unfortunately, there was a truck in the vicinity of the runway," he added.

Reports of the number of survivors brought to Rome hospitals varied from 20 to 25. Most were reported in grave condition.

The TWA office in Rome said the plane carried 55 passengers and a double crew of 17. Among the passengers were 26 TWA employees and their families.

Conflicting Reports
It was TWA flight No. 800 from Kansas City, Mo.; Chicago, New York, Paris and Milan to Rome, Athens and Cairo.

There were conflicting reports on the time the explosion occurred.

While some persons said the blast occurred just as the plane lifted off the ground, others said it exploded while on an approach strip just before reaching the runway.

Lee said he had made a U-turn and was driving past the bar when the shot rang out.

Carriers And Unions Resume Talks Nov. 30

CHICAGO (AP) — Postponement of a nationwide strike scheduled for 6 a.m. today will allow rail traffic to move as usual this Thanksgiving week, but negotiations between the railroads and three unions will resume next week in Washington.

The three non-operating shop craft unions put off the threatened strike for at least a week Sunday after receiving an urgent request by Secretary of Labor W. Willard Wirtz.

Later Sunday, J. E. Wolfe, chief negotiator for the railroads, telephoned Judge Joseph Sam Perry of U. S. District Court that the carriers were dropping an injunction petition which sought an order barring the strike.

Hope For Settlement

Both sides accepted Wirtz's suggestion to resume talks in Washington Nov. 30.

The unions, representing 49,000 employees, are the International Brotherhood of Electrical Workers, the Sheet Metal Workers International Association and the International Association of Machinists.

A union spokesman said Wirtz was advised in response to his request for a postponement "that for the first time there is some hope of settlement of our dispute."

Three other shop craft unions signed three-year contracts Saturday, bringing to eight the number of non-operating unions which have negotiated wage and fringe-benefit agreements in the past few days.

Pay Boost Granted
Terms of the contracts, which closely followed the recommendations of a presidential emergency board, provide more than 367,000 workers of the eight unions with a 27-cent-per-hour wage increase over three years plus improved fringe benefits.

The average pay of workers covered by the eight unions ranges between \$2.58 and \$2.63 per hour.

Earlier last week, the railroads and two operating unions agreed on new contracts. The settlements covered 28,000 workers in the Brotherhood of Locomotive Firemen and Enginemen and 96,000 in the brotherhood of Railroad Trainmen.

Ford Resumes Car Production

DETROIT (AP) — With the last of its local strikes settled, Ford Motor Co. plans to begin turning out automobiles again Tuesday.

The first of 80,000 laid off or strike-idled employees returned to manufacturing plants over the weekend, and passenger car assembly lines tentatively were scheduled to begin rolling again Tuesday in Dallas, Louisville and Wixom.

Three truck lines, which the strikes did not shut down, continued today, but Ford said that at Kansas City and Mahwah, N. J., may be forced down because of a lack of parts from tonight until Friday. The Louisville truck line is to continue through.

Ford said it may be a week before it gets its coast-to-coast network of 17 assembly plants fully back into the 1965 model car production race.

Rudyard Farmer Killed By Fire Of Son's Rifle

RUDYARD (AP) — "The coroner seems satisfied that it was a plain, out and out accident."

A teenage hunter's fatal shooting of his father, his hunting companion, thus was regarded as a closed incident today at the Chippewa County sheriff's office.

Jacob Folkersma, 49-year-old Rudyard farmer and veteran hunter, met death from a gunshot in the snowy woods three miles north of here Saturday.

The sheriff's office said the shot was fired by Folkersma's son, Arnold, 17.

Deputy Sheriff Charles Bernier described the scene.

"There had been intermittent

snow," Bernier said. "There was a snow squall at the time. The brush was heavy. The deer crossed between the two hunters (father and son)."

Bernier said both Folkersma and his son fired at the deer. He said a second shot from the youth's 30-30 rifle struck the elder man under the left shoulder and penetrated the heart. The two were about 125 yards apart. Folkersma was dead on arrival at War Memorial Hospital at Sault Ste. Marie 24 miles north. He apparently had died almost instantly.

"The boy feels awfully bad about it, of course," Bernier said. "It happens." "It's just one of those things. There's the excitement of sighting the deer and..."

Bernier said Coroner Douglas Bathos apparently was satisfied it was another case of one deer hunter accidentally shooting and killing another hunter. He said the sheriff's office probably would take no further action beyond its investigation and report.

State Planning Job Creation

Plans are being made by the Conservation Department to set up local work-training stations for young unemployed men and women under the new Economic Opportunity Act, known as the War on Poverty Bill.

Inventories of new jobs, their man-hours of employment, total costs, and other details submitted by regional field managers and Lansing staff members are now being packaged together in hopes of establishing a statewide system of conservation work stations.

Before the end of November the Department will make its bid to participate in the Anti-Poverty Program by submitting these proposals to the Michigan Office of Economic Opportunity, which is coordinating the new act at the state level.

Through the program, which is scheduled to shift into high gear during 1965, unemployed men and women 16-21 will be hired locally for positions which come under approved work-training projects. In this state, job seekers will be screened by the Michigan Employment Security Commission.

Cost of the program will be financed on a matching fund basis, with federal monies providing 90 per cent of the total. The remaining 10 per cent will be put up by states.

The Department's first proposals will be projected for the year 1965, involving a wide range of work in offices and out of doors.

Latest word is that Detroit will receive a grant of federal funds next week to become the first Michigan community to do so under the Anti-Poverty Program, but this will have little bearing on conservation projects since very few Department facilities are located in that part of the state.

House Leaders Urge Caution On Rules Changes

WASHINGTON (AP) — Some top-level Democrats are counseling colleagues to proceed with caution in considering major changes in the House rules when the new Congress meets in January.

They are apprehensive that the House, with Democrats outnumbering Republicans 295 to 140, may become "a runaway house" and pass legislation neither sponsored nor desired by the administration.

Numerous changes in the rules have been proposed, mainly by spokesmen for Democratic liberal groups, and all are aimed at expediting President Johnson's legislative program. But their application would not be limited to Johnson bills.

Officially, House leaders have not expressed publicly their feeling about the proposed changes. In private conversations they have voiced some misgivings.

As a result, there may be only a few relatively minor changes approved by the Democratic caucus preceding the opening of the House on Jan. 4. More far-reaching alterations could be made later in the session if the need arose. A majority vote of the House can change the rules at any time.

Most of the proposed changes would weaken the grip of the Rules Committee on bills approved by other committees having jurisdiction over legislation. The Rules Committee has no legislative jurisdiction. It serves as a legislative clearing house.

Most legislative measures cannot reach the House floor for a vote unless the Rules Committee approves. There are ways under existing rules to bypass the committee, but they seldom are effective and the committee can delay House action indefinitely if a majority of its members want to.

The committee, headed by Rep. Howard W. Smith, D-Va., is composed of 10 Democrats and five Republicans. Actually, control usually is exercised by eight Democrats classified as liberals.

Albin L. Rose To Study Medicine

Albin Leslie Rose, 20, of 811 S. 20th St., plans to enroll in the University of Michigan Medical School, Ann Arbor, in September, 1965.

Rose, a June, 1962 graduate of Escanaba Senior High School is attending the University of Michigan. He is the son of Mr. and Mrs. Leslie Rose.

The U-M Medical School expects to admit about 200 persons next fall at its Medical Center in Ann Arbor. Of these, about 170 will be Michigan residents and 30 will come from out-of-state. Successful students will receive their M. D. degree in 1969.

Michigan's deer hunting season pushed into its final seven days today with a total of 26 hunters dead.

Eight victims, including a father shot and killed accidentally by his son, a hunting companion, lost their lives from fire.

The others died of heart attacks.

The weekend's snowstorm, a pre-winter fall that for its extent and depth was earlier than usual, favored hunters with help in tracking deer.

On the other hand, the accompanying sudden cold blast also was reported responsible for keeping many would-be hunters out of the woods.

The severe conditions moderated on Sunday with temperatures rising.

FINDS WAY OUT

HOUGHTON (AP) — A deer hunter missing since Friday in frigid, snow-choked Upper Peninsula woods was reported today by State Police to have found his way out. They said he was suffering from frostbite and had been taken to a hospital.

Death Claims E. Vandewiele

Edward J. Vandewiele 60, of Iron Mountain, member of a widely known Escanaba family, died Sunday at 3:30 p. m. at Memorial Hospital following a long illness.

Mr. Vandewiele was born in Escanaba May 25, 1904, and attended St. Joseph's School here. He went to Iron Mountain during the Ford Motor Co. boom 35 years ago, and had resided there since that time. In more recent years he was an agent for the Metropolitan Life Insurance Co. He is survived by his wife, Bernadette; one brother, John; and two sisters, Mrs. Elmer St. Martin and Mrs. Roy T. Starrin of Escanaba.

Funeral services will be held Wednesday at 9 a. m. at St. Mary and Joseph Church and burial will be in Iron Mountain. Friends may call at the Rochon Funeral Home, Carpenter Ave.

Council-Manager Success Needs Vital Teamwork

Vigorous teamwork is the key to continued success of the council-manager system of city government in times of change, a University of Michigan political scientist said in San Francisco.

However, Bromage added, such community goals, and programs to achieve them, are political in nature. Thus, "the ultimate test (of the council-manager system) lies in the acceptance of these goals by city councils, mayors, and the public, using the vehicle of the council-manager plan."

"Under the council-manager plan need exists for leadership by mayors and councilmen in major policy and therefore political issues."

And finally, the urban voters have an important role, Bromage said. "Like other systems, council-manager governments can do little, or alternatively make great strides forward, depending on the temper of, or the temper engendered in, the electorate."

The U-M expert, who has visited Escanaba many times and lectured recently at Bay de Noc Community College, on local government pointed out that in recent years the effectiveness of the council-manager system in meeting new goals has been questioned in some quarters.

The post-World War II years have brought changing concepts of municipal regulations and services and social and economic problems are more pronounced today, Bromage said. One of the questions raised about the council-manager government is, who provides strong policy leadership?

Over the years, Bromage noted, the definition of a city manager's role has changed from neutralism to positivism. "Since managers must play an increasing role in community leadership, the profession is adjusting to this phenomenon by assisting managers in broadening their interests in social and economic urban problems and in the alternative community goals aimed at solutions."

Briefly Told

The Odd Fellows Smear Club will meet Tuesday, Nov. 24, at 7:30 p. m. at the IOOF Hall.

Iron Ore Handlers Lodge 400 will meet at 7 p. m. Tuesday at the Eagles Club.

Cub Scouts, Pack 412, commitemen and Den Mothers will meet tonight at 7:30 p. m. in First Presbyterian Church.

The 83rd Infantry Division—the famed Thunderbolt Division of World War II, is seeking some 30,000 of its former members for its 19th annual convocation to be staged at Myrtle Beach, South Carolina, in August, 1965. Former members are asked to contact the national secretary, Harry Lockwood, 43 Oakland Ave., Jersey City 6, N. J.

A meeting for all women interested in playing volleyball will be held at Club 314 at 8 p. m. tonight. Volleyball will be played after the meeting.

The planet Mercury resembles the moon in that it revolves on its axis once each revolution in orbit.

DePere Emergency Created By Gas Regulator Failure

DePERE, Wis. — Hundreds of homes here were without heat as natural gas supplies to furnaces were cut off Friday night, the coldest night of the season to date. Temperatures dropped to 17 degrees as crews rushed to restore service.

An enlarged force of Wisconsin Public Service Corp. gas crews working through the night entered some 1,800 DePere homes to restore normal gas service to the community.

About 100 workmen, aided by DePere and civil defense auxiliary police entered homes to turn off all gas lines. Later they re-entered the homes to restore the connections and relight pilot lights.

The WPS Gas Department noted a drop in pressure about 3 p. m. Friday and by 4 p. m. it was serious enough to declare an emergency. The crews quickly located the source of the problem — a cleaning rag stuffed inside a pressure regulator to keep out dirt during construction of a new main. Virtually all services was disrupted in West DePere, which was hardest hit.

The cleaning rag was removed from the pressure regulator in a few seconds, but the house-to-house check had to be made before gas could be returned to the lines.

Shotgun Slug Is Threat To Driver

A shotgun slug shattering the windshield of a car on Friday, Nov. 20, has East Detroit hunter Frank Grimbie counting his blessings. Conservation Officer Charles Vanderstar happened into the area just after a spent shotgun slug from another deer hunter's gun hit Grimbie's windshield and fell into his hand. The accident occurred on the Big Knob Road near Engadine, Mackinac County, according to George Bruso, assistant law and fire supervisor at Newberry.

Obituary

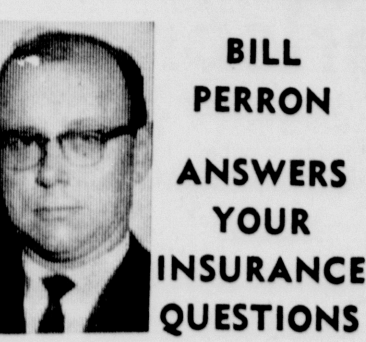

ANDREW G. DAHL

Funeral services for Andrew G. Dahl were held at 2 p. m. Saturday at Salem Lutheran Church in Bark River. The Rev. Dr. Walfred Nelson of Bethany Lutheran Church, Escanaba, officiated. Burial was in Bark River Cemetery. Pallbearers were Herbert Peterson, Robert Bergstrom Jr., Elmer Bolm, Vernon Dahl, Arthur VanEnkevort and Glenn Sandell.

In Service

Lt. Col. Roger T. Shanahan, U. S. Air Force was honored recently by the Air Force Association for outstanding leadership and management. He was chief, program control office, mobile mid-range ballistic missile program, Norton Air Force Base, and has been transferred from Redlands, Calif., to Wright Patterson Air Base, Dayton, O., where he is serving as an instructor. He is the son of Mrs. Katherine Shanahan, 315 N. 14th St., Escanaba.

FOR YOUR PROTECTION

BILL PERRON

ANSWERS YOUR INSURANCE QUESTIONS

QUESTION: What is the most important insurance to carry on a car - Collision or Liability?

ANSWER: Both are important but if you must make a choice you should have personal injury and property damage liability coverage. The largest loss you can suffer from damage to your own car would be the value of the car. Personal injury claims can run into large sums of money.

This public service is our way of advertising. Your insurance questions will be answered without charge or obligation if you'll send or bring them to:

Delta To Pay \$26,157 To Iron For San Share

Delta County Board of Supervisors will be asked to approve a payment of \$26,157.66 in settlement of Iron County's claim for its share of Pinecrest Medicare Facility at Powers.

The settlement has been approved by representatives of the three owner counties, Delta, Menominee and Dickinson, and the county boards of supervisors of Iron and Dickinson counties have formally approved the payment. Delta and Menominee counties' boards have still to act.

Iron County will get \$78,473 for its equity in Pinecrest. The institution was started in 1922 by Delta and Menominee counties as a tuberculosis sanatorium, and later Dickinson and Iron counties joined them as owners. The TB hospital usage was discontinued several years ago and the plant was converted into a medicare facility for care of elderly and chronic disease patients.

Iron County did not enter into the conversion project because it has a county medical facility in Crystal Falls Township. It asked a period in which to determine policy on its equity in Pinecrest and finally told the other three owner counties that it wished to sell its share of the hospital plant.

The counties were unable to agree on a price in negotiations and Iron County started Circuit Court suit to collect its share. Circuit Judge Ernest W. Brown of Iron Mountain called a pre-trial conference on the suit and

State Dairymen Break Records

EAST LANSING — Michigan dairymen have turned in record-breaking production performances for the fourth consecutive year.

The 1970 dairymen keeping Dairy Herd Improvement Association testing records set records for both milk and butterfat production, according to Larry Johnson, Michigan State University dairy extension specialist.

The DHIA average production record of 12,490 pounds of milk and 469 pounds of butterfat is 499 pounds of milk and 18 pounds of butterfat above the previous record set in 1963.

Average production per cow has increased by about 3,000 pounds of milk (1,500 quarts) and 100 pounds of butterfat since 1950.

Johnson reported that a total of 78,673 cows were on DHIA tests during the year. In addition to the 1,970 DHIA herds, 1,343 herds composed of 39,613 cows kept owner-sampler testing records.

Average herd size average increased by two cows nearly 40 cows per herd. Pounds of grain fed per cow averaged 4,400 pounds, some 170 pounds higher than the previous high set in 1963. Less than 3,000 pounds of grain were fed per cow just 10 years ago.

Five downstate counties average over 500 pounds of butterfat per cow this year compared to one county last year. A new record on the low end was also set when only three counties reported an average of less than 400 pounds of butterfat per cow.

Veteran Diplomat Resigns To Join Hawaii U. Staff

JAKARTA, Indonesia (AP) — U.S. Ambassador Howard P. Jones said today he will resign soon to become chancellor of the Center of Cultural and Technical Interchange at the University of Hawaii.

Jones, a veteran of 14 years in the diplomatic service in Asia, said he had not yet submitted his resignation to President Johnson but that he had informed Indonesian President Sukarno of his intention to leave.

Jones has been ambassador to Jakarta since February 1958. He is a close friend of Sukarno.

PROPERTY FOR SALE

The City of Escanaba is offering four (4) residential lots for sale on a sealed bid basis. Lots are located at the Southwest corner of 12th Avenue South and South 15th Street.

For further description of property and information necessary for preparation of bids, please call at the office of the city clerk

Bids will be opened December 3rd, 1964.

Donald J. Guindon, City Clerk

Outcome Hazy In Laos War, Says US Envoy

SAIGON, South Viet Nam (AP) — U.S. Ambassador Maxwell D. Taylor believes that U.S. air strikes against Communist bases and supply lines in North Viet Nam and Laos could contribute to victory in South Viet Nam.

He also believes that the outcome of the anti-Communist guerrilla war is "very much in doubt."

The ambassador's appraisal, made in an interview with Life magazine, set off speculation that he might recommend an escalation of the war when he meets this week with President Johnson in Washington. Taylor flies home Wednesday.

"Military action outside the country, just as pure military action inside the country, will not win in itself," Taylor cautioned in the interview. "Let us say generally that the issue is very much in doubt. The winner will be the one that has the ultimate will to win. But the military aspect is only one piece of it."

U.S. policy-makers, dissatisfied with the way the war has been going, have been studying the possibility of extending to the north to check support of the Viet Cong. Some observers fear Communist China then might take a direct hand.

Taylor said the Communists have grown in strength despite heavy losses. Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam, said in the Life interview that body counts show 12,000 Viet Cong have been killed so far this year compared with 6,000 government casualties. He said actual Communist losses probably totaled 18,000.

Detroit Dailies Out Wednesday

DETROIT (AP) — Detroit's two regular daily newspapers, strike-idled for 131 days, sped efforts today to prepare for publication Wednesday.

The Detroit News, an afternoon paper, and the morning Detroit Free Press called back their entire total staffs of more than 4,000 persons.

When the papers come out Wednesday, it will be their first appearance on the streets and subscribers' doorsteps since last July 13.

This has been the longest any major American metropolitan newspaper has been closed by a strike.

Striking pressmen, one of the two craft unions that walked out in disputes over new contract terms, settled Saturday with their ratification vote of a compromise agreement.

Local 10 of the Plate and Paper Handlers came to an agreement with publishers nearly two weeks ago.

Pressmen's Local 13, representing 200 News employees and 100 at the Free Press, accepted a compromise worked out with the aid of United Auto Workers President Walter P. Reuther. Manpower for news presses at the News was the last remaining strike issue.

W. J. Alford Jr. Dies Sunday At Green Bay Home

William Joe Alford Jr., 54, former resident of Escanaba, died at his home in Green Bay Sunday morning after a short illness.

He is survived by his wife, the former Winifred Trimble, whom he married 25 years ago; one daughter, Mrs. Roy (Judith Ann) Newell, Escanaba; one stepdaughter, Mrs. Bernard (Lois) Meddough of Two Rivers, Wis.; six grandchildren; two sisters, Florence Kay and Mrs. Olive Parkinson, both of Detroit.

Friends may call at Melcore Funeral Home, Green Bay, after 2 p.m. Tuesday. Services will be held Wednesday at 2 p.m. at the funeral home with burial in Fort Howard Cemetery.

FORMER VICE President John N. Garner looks over a huge birthday cake as he observes his 96th birthday at Uvalde, Texas. The cake carries an eagle and six flags that have flown over Texas. Over 250 friends attended the celebration and Garner told them he was looking for birthday No. 100. (AP Wirephoto)

District's Deer Kill Over 1963

The deer kill in the Upper Peninsula in the first week of the hunting season sent almost as many deer across the Mackinac Bridge as the entire two week hunt in 1963.

Joseph Vogt, Conservation Department game biologist in the Escanaba District (Delta and Alger Counties and west half of Alger) spent 5 days at the bridge checking deer and he reported that at 7 a. m. today 10,924 deer and 137 bears had been taken south. This compared well with the total of 11,894 deer and 169 bears taken south in the full 1963 season.

The large kill of deer comes early, however, and most Lower Peninsula hunters had left their U. P. camps by Thursday of last week. Weekend hunting was relatively quiet except in such concentration areas as the K. I. Sawyer Air Force Base and the Stonington Peninsula.

Vogt said "My impression was there were a lot of nice rack bucks going south, and many camps had multiple kills,

Gladstone Man Dies Suddenly

GLADSTONE — James H. Forsher, about 80 of 903½ Delta Ave., died at 8 p.m. Sunday, shortly after arrival at St. Francis Hospital.

He was a former employee of the Soo Line railroad and had lived previously in the Manistique area.

The body was taken to Skradski Funeral Home where funeral arrangements are incomplete.

ba, was found by State Police of the Gladstone Post in Bay de Noc Township at 9:45 p.m. Sunday. Police said Curtis had been reported lost at 7:30 p.m. Sunday.

Do FALSE TEETH Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooev, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

A Christmas Club Exclusive at First National of Escanaba:

FREE GOLD BOND STAMPS

... to each Christmas Club Saver!

For the Fourth straight year we are giving to all our Christmas Club savers a free supply of Gold Bond Stamps. In addition, each Christmas Club member receives an extra bonus gift of Gold Bond Stamps at the completion of their Club savings plan. How about you? Would you like some extra money next Christ-

mas? We will see that a check in any amount is sent you for your Christmas spending in 1965 if you will come in or open your account by mail, even save by mail. Visit either our branch drive-in office or our main office location. Open your account and get this free bonus gift of Gold Bond Stamps.

SPECIAL OFFER

50 FREE GOLD BOND STAMPS

(Good Only Till Dec. 28)

Just bring this coupon into the First National Bank, present to any employee and we will give you FIFTY Free Gold Bond Stamps.

No obligation of course.

Christmas Shopping

The Upper Peninsula's stores put out the holly this week after Thanksgiving and advertise that Christmas shopping is legal and recommended. The season overlaps the deer hunt in the U.P. by a few days and will cause even more casualties, but—with luck—no fatalities, and it will be one of the most exciting seasons of the year for housewives and other shoppers.

The nation is at peace, the economy is booming and the stores are loaded to the roof with goodies, all pre-packaged, guaranteed against weevils and ravel, eligible for lay-away, subject to time payment, delivered free, returnable and exchangeable. Stores will duplicate any favorite item to double your pleasure and they'll send you renewals on schedule if you like, like the Fruit of the Month.

Stores are one of America's great attractions for foreign visitors. They find our supermarkets almost beyond belief and are amazed at the American system of trust in the customers. Americans may be surprised by GUM in Moscow, but not as much as Muscovites at Macy's and Gimbels, Hudson's and Field's, Gump's and Nieman Marcus.

Americans are so familiar with good stores that they take them for granted and don't count their merchandising blessings. They're the best in the world. Nowhere else are there such bargains as those to be found in American stores, the products of our mass production and advertising distribution system, which supplies fine goods in an abundance that outreaches anything in history.

This is an amazing advance in the lifetime of many persons still shopping. The Peninsula's stores of a few generations ago were open nights and Sundays in the hope of drawing in enough customers to make a profit. They outfitted woodsmen who had no need for a Sunday suit. They provided the necessities for a period that worked long hours for small pay, that had little leisure and small means.

Where the new stores smell of Chanel No. 5 and Chase & Sanborn the old ones smelled of mothballs and the pickle barrel. Men wore great coats and seal-skin caps, countrymen debated between horse pelt and dogskin driving coats, and all wore wool underwear as thick and unyielding as buildingboard. Today they wear a car coat over a T-shirt and drive farther to get a beer than their grandparents went on their honeymoon.

And men are always retarded compared with women in apparel venture. Where the housewife used to slip into a store for a holiday spree of shopping for a camisole and a modest kimono, today she adds to her collection of hostess coats and slips in another pair of tiorador pants in just a warmup visit to see what she should look at when she gets down to serious shopping.

For an affluent society looking for something to do, the stores offer a holiday adventure that's like a world cruise. An American on the Helsingborg-Helsingborg ferry counseling a Swedish girl who was coming to the United States put it pithily. "Don't buy a trousseau," he said, "just bring your kroner. Everything's cheaper in America—and it's in style!"

Samaritan On Spot

If you are the victim of an accident in the United States, the chances that a passing physician will stop and render help are about 50-50. It depends on where you are.

In the 32 states which have passed "Good Samaritan" laws shielding doctors from legal liability for giving emergency care, slightly more than half of the doctors would stop (but many of them with great fear.)

In states where such laws have been proposed and defeated, slightly more than half the doctors would be inclined to pass on by.

The figures are among the results of a questionnaire sent to doctors by the American Medical Association, which found their fears of legal entrapment greatly exaggerated.

The survey was able to turn up only two cases of physicians being successfully sued in Good Samaritan incidents.

The AMA concludes that doctors should be assured that they need fear no real legal risk in living up to "The Principles of Medical Ethics," which state:

"A physician may choose whom he will serve. In an emergency, however, he should render service to the best of his ability."

Nevertheless, it would do no harm if the remaining 18 states in the Union considered adopting Good Samaritan laws, to protect not only physicians but anybody else who attempts to help a fellow human being in distress.

College For Fun

More than half of 13,000 freshmen questioned in a recent survey acknowledged that they are going to college primarily for "collegiate" reasons rather than for "the pursuit of knowledge and the cultivation of the intellect."

This revelation should be neither surprising nor alarming, even if it is conceded that "collegiate" may be a fancy term for fun.

These youngsters were just being honest.

It seems only fair to assume that almost every college student understands that the basic purpose of going to college is to get an education. It is also a fact, however, that a big part of the thrill and excitement of college life are the extra-curricular activities — the football games, the social life, the weekend fun.

Nineteen per cent of the freshmen surveyed by the Educational Testing Service said they go to college for academic reasons. Another 26 per cent said they go to prepare for a career or profession. Another 4 per cent were described by Dr. Henry Chauncey, president of ETS, as "nonconformists."

The remaining 51 per cent were those who like college best for the things that supplement classwork.

Dr. Chauncey seemed to take results of the survey in stride. "They reflect the mores of our society," he said. "Having a good time over the weekend is an important part of life."

"These figures should give the colleges a better understanding of their students. They won't be living in a fool's paradise. They will know that they do not have a lot of little Einsteins on campus."

We hope the colleges remain as calm and undisturbed as Dr. Chauncey. It's possible some of these fun-loving freshmen may get academically proficient somewhere along the journey. A little fun never dulls anybody's intelligence.

Washington Comment

By BRUCE BLOSSAT

WASHINGTON — (NEA) — The Deep South, newly alienated by events here and in the nation, is nearing another in its seemingly endless series of ordeals.

Mississippi manufacturers meeting in Jackson recently provide one big index to the trouble ahead. Their focus—and that of industrialists in regional Mississippi meetings to come—is upon the fair employment features of the Civil Rights Act of 1964, which take effect next July 1.

The act calls, of course, for an end to racial discrimination in hiring practices. Obviously concerned over the perils of non-compliance, Mississippi businessmen have no wish to wait until the summer of 1965 to confront Mississippians with the hard necessities of the law.

White segregationists there and in other Deep South states could hardly be in a worse mood to be told they must yield on anything at all which pertains to Negroes.

They have just had totally dashed their luxurious dream that Sen. Barry Goldwater would be elected president and somehow engineer repeal of the new civil rights law.

According to some accounts, the segregationist southerner feels as never before that the rest of the country has "abandoned" him, since only Arizona, Goldwater's home state, joined Mississippi, Louisiana, Alabama, Georgia and South Carolina in voting for the senator.

Yet some observers in the South caution against making too much of Deep South alienation.

Leslie Dunbar, executive director of the Southern Regional Council, a research organization based in Atlanta, says it takes more than a feeling of being out of step to disturb the confirmed segregationist in the South. Says Dunbar:

"He has lived through rejection and alienation before. There was the Dixiecrat revolt of 1948, after which he saw no punishment meted out to southern congressmen who bolted the Democrats."

"He has seen the wrath of the country visited upon him in the new civil rights law. But so far it hasn't meant much but words."

So They Say

Our aim is neither to establish an integrated society as such. It is to preserve a free society.

—Senator Goldwater.

I shake hands because I love people.

—President Johnson, whose hands are blistered and sore from shaking hands.

Ethel, I'm the candidate.

—Robert Kennedy to his wife as he waited for her to finish signing autographs in Huntington, New York.

Barry Goldwater is a kind of political Rip Van Winkle who seems to have slept away the most dynamic half century in the history of man.

—Harry S. Truman.

Maybe I'll like it. Who knows?

—Yogi Berra, when fired as manager of the New York Yankees.

I declare open the Olympic Games of Tokyo at the 18th Olympiad of the modern era.

—Emperor Hirohito of Japan.

Ask The Dentist

By DR. ALFRED E. SEYLER

Q. Is it necessary to give a "shot" to a patient for every dental filling? My dentist never asks me—but as soon as I am seated in his chair, out comes the needle and my tooth is put to sleep. Do you recommend this?

A. No, I don't recommend such a procedure. In fact, I find that most dental patients, young or old, do not like the "needle", as they call it. I prefer to give the patient the choice as to whether his teeth should be "put to sleep" before dental work is done.

However, one must recognize that there are many patients for whom it would be impossible to do restorative dentistry without a local anesthetic, even though the patient does not like to be anesthetized. For such folks, anesthesia is a "must", for unless the dentist can perform the necessary details of a good restoration, such as complete removal of the decayed tooth structure, no matter how deep or close to the nerve, or pulp, of the tooth, the filling will not be properly done. In such instances, the dentist must assert himself and insist that anesthetic be used.

I have found that most children are good patients without a "shot", and that they will tell the dentist if they prefer to have their teeth put to "sleep".

In my opinion, local anesthetic, or a shot, should not be the instant or only answer to patient cooperation. It should be used, if the patient requests it and is able to accept its side effects, or it should be used when it is necessary to obtain patient cooperation or acceptance of treatment.

The Doctor Says:

Antibiotic Fights Cancer

By Dr. Wayne G. Brandstadt

Few advances in medicine are so welcome as those in the fight against cancer — especially the cancer which hits children.

Wilm's tumor, one of the commonest of the cancers found in early childhood, is very malignant. This kidney tumor not only grows rapidly but, once it has started, it quickly spreads to the brain, liver, lungs and bones.

A hard lump in the abdomen of the young victim is usually the first sign of trouble. The child may also complain of pain in the abdomen and there may be blood in the urine.

Although some improvement in the outlook for these children was made possible with prompt removal of the tumor combined with X-ray treatment, it took a third factor to produce really encouraging results. This factor is the antibiotic, actinomycin D, and it has boosted the five-year survival rate from 40 to 80 per cent with a good chance that in many cases the cure is complete.

Threatment with the drug is started a few hours before the tumor is removed and X-ray treatments are given after the operation. As soon as a positive diagnosis of Wilm's tumor is made, prompt action should be taken because the natural course of the disease is so rapid. The younger the victim at the time the diagnosis is made

and the prompter the treatment, the brighter the outlook.

Q — Does St. Vitus' dance cause mental retardation in a child and does it cause deformity?

A — Chorea, or St. Vitus' dance, is often associated with rheumatic fever in which case there could be a crippling heart disease. During the acute stage, the victim may appear to be mentally unbalanced, yet recovery is usually complete. Some victims have temporary relapses. The disease does not cause deformity.

Unless the child is protected by a padded crib during the acute stage, he may severely injure himself.

Q — Our 11-year old has been losing his hair for about five months. Every time he combs his hair, 10 to 20 hairs come out. Baldness runs in the family, but isn't he too young to be losing his hair?

A — It is normal for a few hairs to come out with brushing. In most children and young adults, new hairs grow in as fast as the old ones are lost. A child may, of course, lose all his hair temporarily after a prolonged high fever or as a result of getting too much vitamin in his diet, but could get too much if he were given large doses of vitamin supplement. A few teenagers, especially boys, do become bald when baldness runs in the family.

Memory Lane

By J. R. LOWELL
Ten Years Ago

Gunnar Back, an Escanaba boy who has made good in radio and TV announcing, now has assumed an important assignment with radio station WWDC in Washington, D.C. His chief duties are assignments with important personages in the Capitol City.

Severe storm warnings are out all over Lake Michigan and a severe snow storm is certain to hit Escanaba and vicinity before tonight.

Mr. and Mrs. M. Skogquist, of Gladstone, celebrated their golden wedding anniversary on Nov. 17 ten years ago. Their friends on Nov. 17th this year were determined that their 60th anniversary was a much bigger event and the occasion was made a happy event at the Gladstone Covenant Church, of which the two have long been members.

Concerted effort, spearheaded by a drive by the Highway committee of the Escanaba Chamber of Commerce, has started to have all of Highways U.S. 2 and 35 passing through the Escanaba vicinity paved.

Edmund Borgoio, 72, pioneer resident of Isabella, died today at his home following a brief illness. He settled in the area almost fifty years ago.

Miss Helen Birmingham, daughter of Mr. and Mrs. William Birmingham of Gladstone, has completed requirements for a master's degree in business education at the Columbia University.

Thirty Years Ago

Persons wishing to obtain flying licenses may receive ground instructions at centers in 37 Michigan cities. Escanaba and Gladstone are among these places.

Harry Erickson has been appointed county project engineer for ERA in Delta county, and will have charge of all such projects assigned here.

BARBS

By HAL COCHRAN

The best passing remarks are the correct answers kids give to school problems.

Home is where a husband can do everything he pleases if it pleases his wife.

When it comes to dress these days, not only the boys will be boys.

No wonder some people never have anything on their minds, the way they talk it off.

Ann Landers Phillip Needs A Head Doctor

Dear Ann Landers: I've heard of young brides going to pieces on their wedding night but I've never heard of this happening to a groom — until my daughter came home from her honeymoon after 24 hours of "married life."

Beverly went with Phillip for two years. They met in college. Beverly knew Phillip and his mother (a widow) were devoted to one another but she didn't know they were crazy.

We gave the couple a beautiful wedding which almost was ruined by Phillip's mother. She cried so loudly during the ceremony you would have thought it was a funeral. Then she had to leave the receiving line and go lie down because she didn't feel well.

The wedding was on a Saturday. Sunday night Beverly was home. She said Phillip was up all Saturday night talking to his mother on the phone. He called her once and she called him twice. Then Beverly and Phillip got into an argument over his mother and Phillip said he had a headache and went to sleep. Beverly packed her suitcase and came home the next day.

Almost two weeks have passed and Phillip has not even called Beverly. What should be done? — DISTRESSED.

Dear Distressed: There is no hope for Phillip unless he leaves his mother's side long enough to go see a head doctor. And Beverly should see a lawyer about an annulment.

Dear Ann Landers: My wife and I have been married 13 years. Our 11-year-old daughter is retarded. We have a fine 7-year-old son who understands his sister's problem and treats her beautifully.

The doctors have told us that our daughter is teachable and has urged us to put her in an institution where she will be among children on her own mental level and can be trained to do many things for herself. We could visit her any time we choose and talk to her on the telephone.

It is heartbreaking to give up this dependent child but we know we must do it now while she is young enough to be taught.

The problem is our relatives. They say we are heart-

less and selfish — that we are getting rid of her girl because she is a burden. We feel this is best for the girl but it is going to cost us the love and respect of several members of the family.

Will you say something in your column to let people know how difficult it is to give up a retarded child and that we need understanding and moral support at such a time — not criticism and hurtful remarks. — BRENDA'S FATHER

Dear Father: The viciousness and cruelty of your relatives is exceeded only by their ignorance.

Don't waste time or energy attempting to justify your actions. Your decision is the wise one, based on the recommendation of your physician. Parents must always act in the best interests of their children. And this is precisely what you are doing.

CONFIDENTIAL TO LOOKING TO THE FUTURE: Why anticipate the worst and count on troubles that may never materialize. Live one day at a time. Ask the Lord for daily bread — not flour to bake a year in advance.

CONFIDENTIAL TO SCRATCHED TO PIECES: If he refuses to trim his toenails insist that he sleep with his socks on — or get twin beds. (You're right — this IS one question I've never had before).

ANN LANDERS' booklet, "How to be Date Bait", gives sound and solid rules for teenage dating. To receive a copy, enclose with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

COURT IN ANOTHER TOWN
DURHAM, N.C. (AP)—A special session of Superior Court opened an hour late on a recent Monday. Presiding Judge W.M.S. Burgwyn didn't make an issue of it.

He explained that when it was time for court to convene he realized his mistake: He was in Greensboro, 54 miles away.

Wildlife And Fishery Merged

ANN ARBOR (AP)—University of Michigan regents reorganized the Natural Resources School into three departments Friday and added a department to the Literary College.

The regents approved merger of the wildlife management and fishery departments into a Wildlife and Fishery Department.

The Wood Science and Technology Department was merged into the Forestry Department. The Conservation Department was unaffected by the change.

A Communications Science Department was added to the Literary College.

Vice president for research A. Jeffrey Norman estimated the University will spend \$46 million on research this year, up \$4 million from last year. About 77 per cent comes from the federal government, with the largest support—\$7.9 million—from the National Institutes of Health. Private foundations and industry are expected to contribute \$3 million.

The regents accepted nearly \$284,000 in gifts and grants. They also approved the appointment of Michigan Mental Health Department Director Robert A. Kimmich as clinical associate professor of psychiatry. He will receive no pay for this part-time position.

Daily Press Inc. Sues UPI And Detroit Papers

DETROIT (AP)—Daily Press, Inc., which has published the Detroit Daily Press during Detroit's newspaper strike is plaintiff in a \$7.5 million anti-trust damage suit against United Press International and owners of the Detroit News and Detroit Free Press.

Daily Press said in a U.S. District Court suit that United Press International refused "without legal justification" to make its services available to the Daily Press. It alleged that the Evening News Association and Knight Newspapers, Inc., conspired to prevent such services.

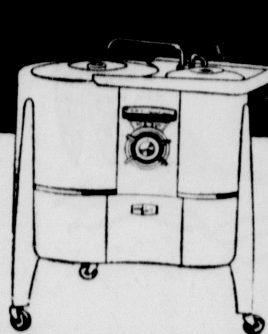

There was no comment from either United Press International or the News or Free Press for statements by officials of the latter that they were unfamiliar with the suit.

Does BLADDER IRRITATION

MAKE YOU NERVOUS?

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from headaches, backache and feel old, tired, depressed. In such irritation, CYSLEX usually brings fast, relaxing comfort by curbing irritating terms in strong, acid urine and by analgesic pain relief. Get CYSLEX at drugists. Feel better fast.

Have you priced a tiger lately?

Take the GTO, for instance. Comes with 335 hp. Or 360 at extra cost. Plus bucket seats. Carpeting. Walnut dash. And like that. Yet it sells for less than a lot of pussycats with imitation stripes. Then there's the Le Mans. Same kind of pizzazz. Same kind of crackle. Same kind of low price. Slightly smaller teeth. So price a tiger.

We're building Wide-Tracks again! See them all at your authorized Pontiac dealer now!

LUDINGTON MOTORS, INC.

OFF-SHORE COMMUNITY—As oil wells are drilled farther out into the Gulf of Mexico and deeper under it, problems of getting the oil to shore get greater. Yet, with the help of gathering platforms, the job can be done. These platforms gather oil from several wells and process it before sending it to shore.

Inaugural Day Staff Chosen

LANSING (AP) — Alma businessman Harold McClure Jr. will serve as general chairman for Gov. George Romney's second inauguration, Jan. 1.

General cochairmen will be Mrs. Wendell Hobbs of Ann Arbor, vice chairman of the Republican State Central Committee, and Creighton Holden of St. Clair, state and midwest regional chairman of the Goldwater-Miller campaign, Romney's office announced Friday.

Honorary chairman for the inaugural day activities will be Justice Harry Kelly of the Michigan Supreme Court.

Honorary cochairmen are Don Ahrens, state finance director for the Republican Party; Paul Bagwell, twice-defeated GOP gubernatorial candidate; former Gov. Wilbur Brucker; Mrs. Elly Peterson, unsuccessful candidate for the United States Senate this year; Detroit businessman Max Fisher; Tyrone Gillespie, assistant to the president of Dow Chemical Co., Midland, and an official in the Michigan campaign organization of Republican presidential candidate Barry Goldwater, and Detroit Common Pleas Judge Julian Rodgers Jr.

McClure, 43, is president of the McClure Oil Co. of Alma.

LANGUAGES DROPPED
CAIRO (AP)—The Ministry of Education has quietly dropped the teaching of the German and Italian languages in secondary schools.

German and Italian were added three years ago to the traditional French and English taught in secondary schools.

There was no official explanation for dropping them now, but the cause it was believed, was a lack of teachers and money.

Revolving Cafe Tops Tall Tower

By PATRICK MASSEY

LONDON (AP) — Dwarfing London's ancient landmarks is a brand new tower that ranks as Britain's highest building.

Official name of this giant is the Post Office Tower (POT for short) which owes its existence to the fact that the British couldn't dig up the roads fast enough for all the

telephone lines they need.

Standing on a site in quiet Bloomsbury, the tower thrusts up 620 feet. The building is only 580 feet high but atop this is a lattice-type structure containing a radar scanner for checking weather hundreds of miles away.

Most novel feature from the tourist's point of view is a revolving restaurant built into the tower at a height just above 500 feet.

Turning at the rate of three revolutions per hour, it will give the diner a drifting panorama.

Tourism apart, the principal purpose of the structure is to beam microwaves across the country.

The Post Office runs the telephone service in this country and also has responsibility for television transmission facilities. Lately it found itself in need of more voice and vision channels than could satisfactorily be provided by land-lines.

The tower's microwaves will be able to carry 15,000 telephone calls and 40 television channels simultaneously.

Such a height was necessary because microwaves travel in a straight line. The transmitting point, therefore, had to sit on above the top of the Thames Valley in which London stands. Also it had to be higher than any other London building to avoid interference.

The signals from London will be picked up and relayed around the country by a projected network of some 38 similar, though lower, structures.

The tower should be open for tourist visits by the summer of 1965. Though the highest building in Britain, it is less than half the height of the Empire State Building and less than two-thirds that of the Eiffel Tower.

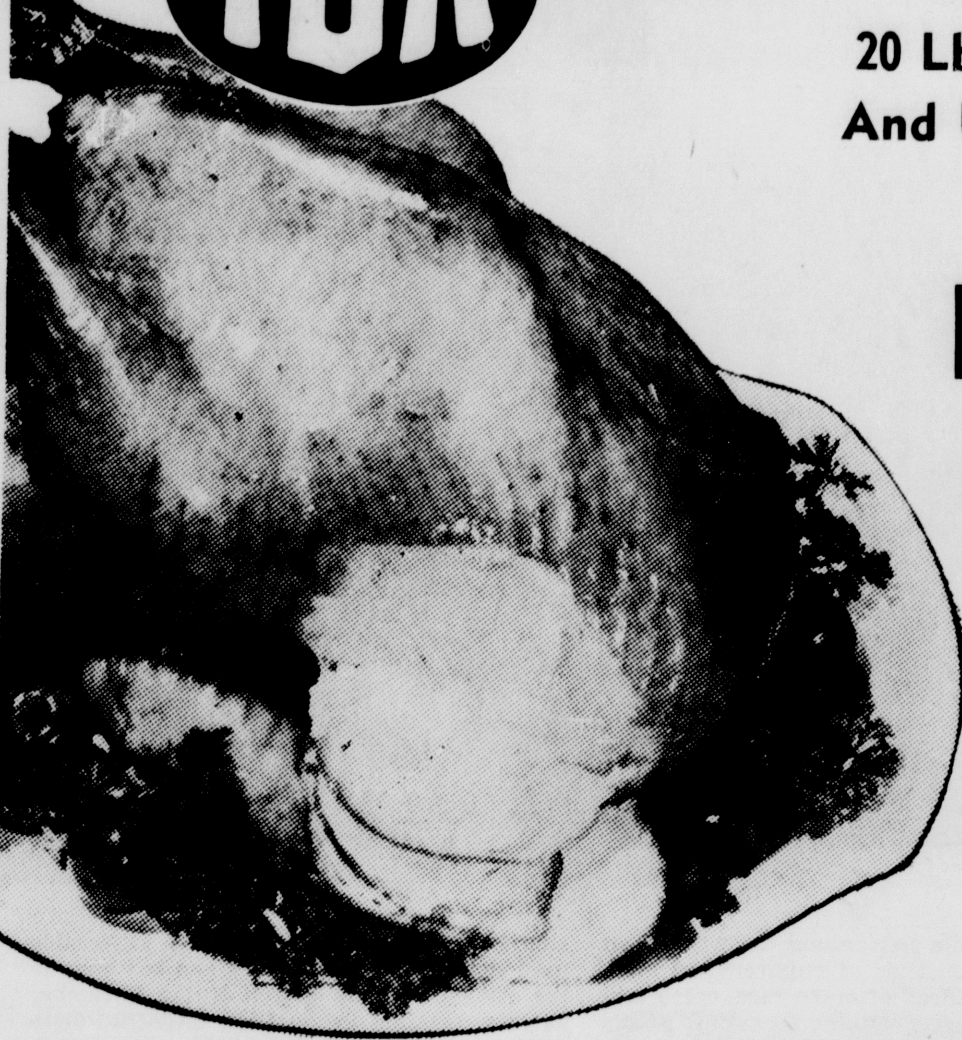

Besides the restaurant there are viewing galleries both open and behind glass. Two elevators, the most that could be squeezed into the slender structure, will rocket up and down at 1,000 feet per minute.

One construction headache has been to insure that the building is so rigid that it will not tilt more than half a degree in even the fiercest wind. Any more wobble would blur the transmission.

Alma Airport Must Be Moved

ALMA (AP)—Officials of Alma and Gratiot County are looking for a place to relocate the Alma Airport which the federal government says "cannot be economically expanded" at its present site.

A ten-man committee has scheduled a meeting Dec. 3 to consider moving the airport which last year had more than 3,600 take-offs and landings involving 8,000 passengers, airport consultants said.

The airport has become almost surrounded by barriers. The U.S. 27 freeway runs on two sides, and other sides hold two hospitals plus considerable residential and industrial development.

Earlier, Gratiot County and Alma each had pledged \$75,000 to add to state and federal funds to carry out expansion. St. Louis and Ithaca also are in the area served by the airport.

The county appropriation still stands, but stipulates that any new site must be approved by the county board of supervisors officials of the township in which the site is located.

Alma City Manager James D. McNaughton said Alma's appropriation stands, too, but he estimates the city will have to add up to \$75,000 because of the greater expense of building an all new airport.

Reporter Recalls Events Of Tragic Nov. 22, 1963

EDITOR'S NOTE — On that fateful day in Dallas, Jack Bell was riding in the presidential motorcade — four cars behind President John F. Kennedy's limousine. Bell, veteran political writer and chief of the AP's Senate staff, recalls the tragedy of last Nov. 22.

By JACK BELL

WASHINGTON (AP) — It still is a bad dream that couldn't happen in real life. But it did on that day of Nov. 22, 1963, when a vibrant young President was murdered.

It had rained in Fort Worth, Tex., that morning. When I peered out of the window of my hotel room I saw that despite the drizzle, a crowd already had gathered in a parking lot across the street where President Kennedy was scheduled for a brief appearance.

By the time the smiling President stepped out of an elevator in the crowded lobby two hours later, the sun had broken through. Flanked by Vice President Lyndon B. Johnson and Gov. John B. Connally of Texas, the President walked across the street, spoke briefly.

Crowds Applaud

In a high good humor he explained to the friendly crowd that Mrs. Kennedy wasn't with him because she still was making preparations for a breakfast appearance scheduled for them in the hotel.

"It takes a little longer, but she looks so much better than we do," he said with a grin.

After the breakfast meeting, at which Kennedy praised the controversial TFX warplane to be built in Fort Worth, the President and his wife made their way through the applauding crowds to the White House limousine from which the bubble top had been removed.

The presidential motorcade wound through streets banked with citizens who cheered and clapped as the handsome young President and his beautiful wife rode by. The story was the same as it had been the day before in San Antonio and Hous-

ton, Texas liked the Kennedys and were showing it.

When Air Force 1 landed at Dallas' Love Field a few minutes later, Mrs. Kennedy, wearing a fuchsia-colored suit, was presented with a bouquet of red roses. She joined the President in a handshaking walk along a fence which held back an enthusiastic crowd.

Off For Downtown

Then the motorcade was off, heading for downtown Dallas. There the crowds filled the streets, pressing in so closely motorcycle police had difficulty clearing a lane for the open car from which the President and his wife were smiling and waving.

Dallas had shown with its warm welcome on that sunny midday that it admired the man who had been elected by a whisker and who had tried to "get the country moving" in his first 1,000 days.

As the motorcade made a right turn off the packed street, suddenly the tumult died and there were only a few waving spectators. Ahead, we rode toward a left turn into a street which led to an underpass. Nearby was a building with a sign which read: "Texas School Book Depository."

The President's auto, four cars ahead, already had made the turn toward the underpass and we had just completed it when there was a loud report. My first thought was: Those Texans, now they're shooting off giant firecrackers.

Two More Shots

Then came two more reports, paced possibly five seconds apart. They had the ominous sound of rifle crack. The President's car had stopped. We reporters riding "pool" scrambled to get out to run ahead.

But at almost that instant, a Secret Service man, riding in the front seat of the presidential limousine stood up, phone in hand and waved the preceding police cruiser on.

In that numbed moment we all sensed that something horrible might have happened. But

we had no way of knowing exactly what as we thundered along a freeway at top speed in pursuit of the presidential car. Everybody in the President's car seemed to be down, but that would be prescribed procedure in escaping any danger zone.

We careened around a turn and roared into the driveway of Parkland Hospital. When we screeched to a stop I saw, as I scrambled out of the "pool" car, Mrs. Kennedy weeping, trying to hold her husband's head up.

Red Roses In Blood

Mrs. Connally was supporting the governor who sat slumped in a jump seat, his head rolled back, his suit and shirt front covered with blood. By the time I had sprinted up to the presidential limousine, Secret Service men were helping Mrs. Kennedy away. Hospital attendants were slipping Connally onto a stretcher.

When I reached the car, there was the President sprawled on his face in the rear seat. There was a pool of blood on the floor. Three twisted and torn red roses lay in it.

"Is he dead?" I asked a Secret Service man who stood guard.

"I don't know but I don't think so," he replied.

As I rushed for a telephone, Vice President Johnson was being escorted up a corridor to a cubicle near the receiving desk.

At the desk I found a phone, got the AP bureau on the line and shouted: "The President's been shot." A photographer on the scene of the assassination already had phoned an eye-witness account but I poured out all of the information I had collected.

Light Goes Out

Then began the agonizing wait for some official word on the President's condition. Some Congress members, White House staffers and even the priest who had been in the emergency room with him were not sure.

There was a report Johnson had been shot and one that he had a heart attack. When Mrs. Johnson came out of the emergency room, accompanied by Secret Service men, I jumped in front of them and asked, "Is Lyndon all right?"

"Yes," she replied. Her eyes were wet with tears.

"Is the President dead?" One of the Secret Service men spun me backward as she went on without answering.

A few minutes later Malcolm Kilduff, acting press secretary, rushed out yelling, "Follow me, I've got an announcement!"

As we raced after him, we knew the President must be dead but still clung to hope. It died with the finality of the announcement.

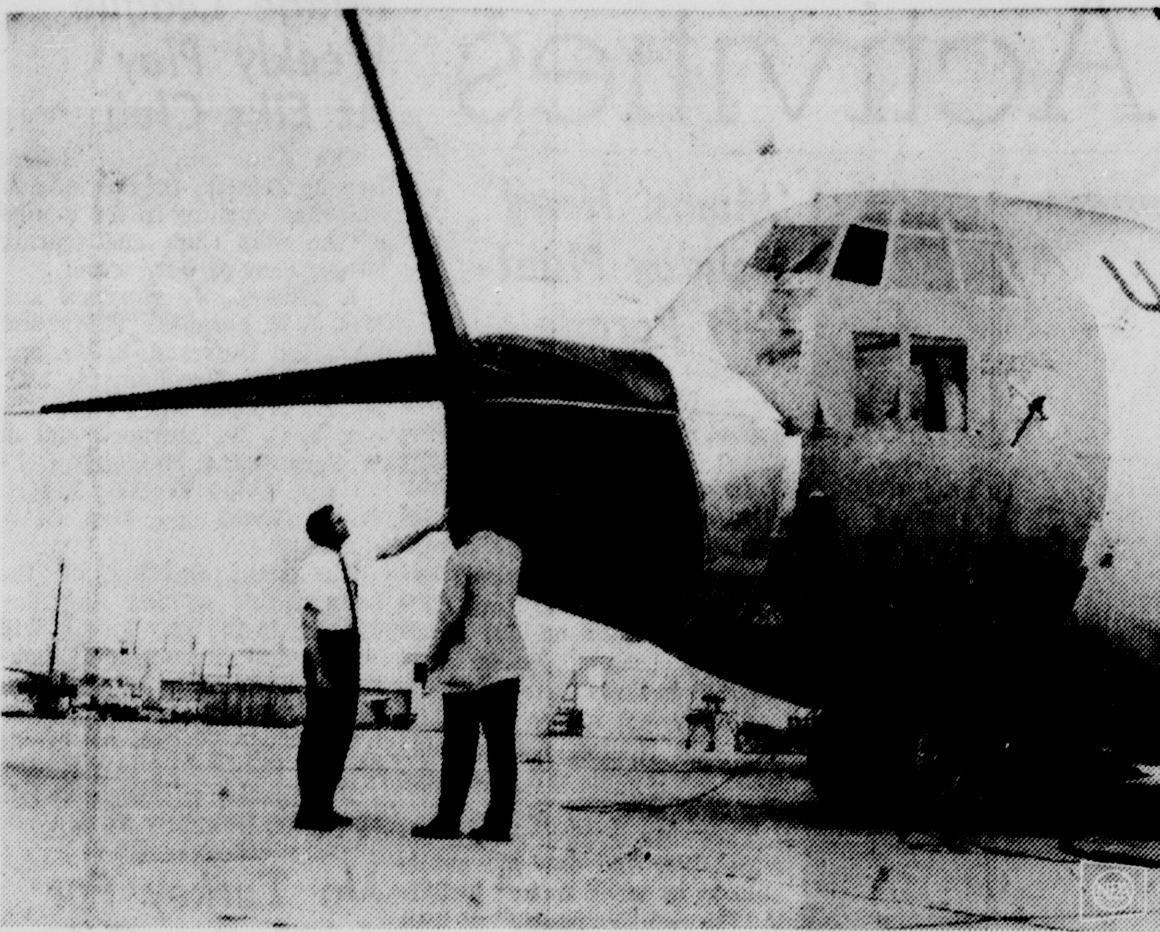

A shining light had gone out.

Ontonagon Bank President Dies

ONTONAGON (AP)—Funeral services will be held Tuesday for Leo H. Perron, president of the Citizens State Bank of Ontonagon.

Perron died Saturday after suffering a heart seizure. He was 55.

Perron had been a director of the bank for 22 years and its president since 1952. He also was an official of the Gitchie Gume Oil Co. and owner of Krohn Machinery Co., both of Ontonagon.

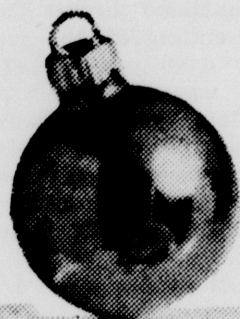

BEETLE NOSE—This is the nose of the new HC-130H Hercules. The beetle-like projections are used for recovery operations and rescue. This yoke, which can be folded back along the nose when flying, can retrieve objects or persons weighing as much as 500 pounds, hoisting them aboard the craft for the trip home. The 2,000-mile-range aircraft will play an important role in various space programs.

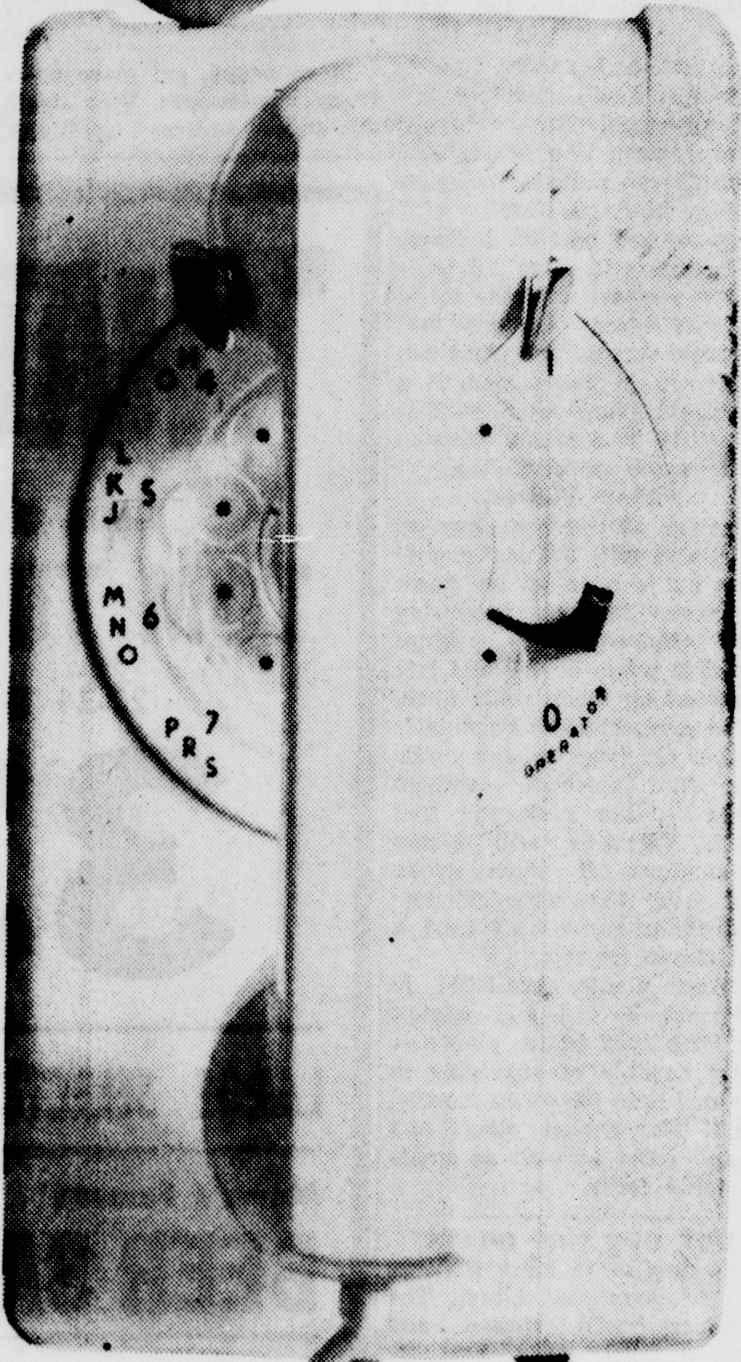

Snowy Highways Curb Travel And Fatal Accidents

By The Associated Press

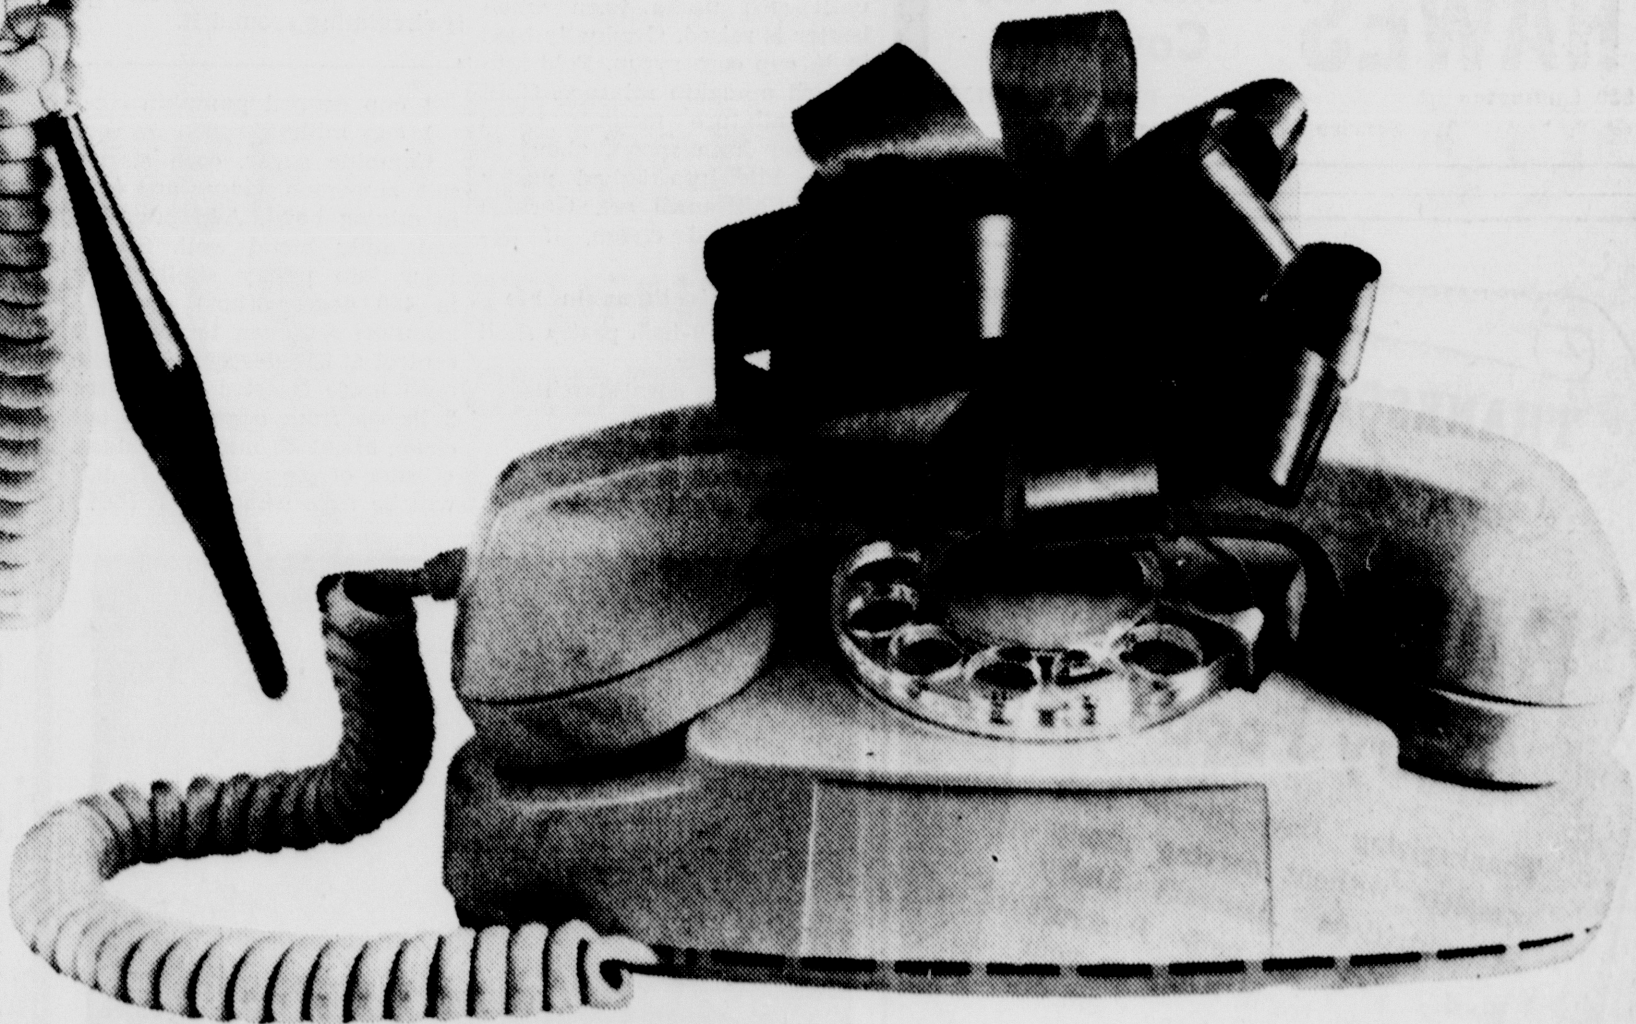

State Police recorded only four traffic deaths over the weekend as many Michigan motorists apparently abandoned the streets and highways due to snow and icy temperatures. State police attributed the low figure to the drop in temperatures and the fact that snow-covered highways at the beginning of the weekend kept many would-be motorists at home. The Associated Press tabulation of weekend traffic fatalities began at 6 p.m. Friday and ended at midnight Sunday.

Use Non-Fat Dry Milk For Whipped Topping

EAST LANSING — You can use tap water instead of ice water to make whipped toppings from non-fat dry milk.

Tap water can be used because non-fat milk acts more like an egg white or other protein foam which calls for room temperature mixing conditions, says Dr. Pearl Aldrich, research coordinator for the Michigan State University College of Home Economics. (Whipped milk and cream toppings are high in fat and require ice cold ingredients and utensils.)

How To Do It

Dr. Aldrich recommends the following procedure:

1. Whip on low speed until the milk and water are completely mixed. Then whip on high speed until the foam forms soft peaks.

2. Add a little acid (usually lemon juice) to help the mixture form a stiff foam. Continue to whip until the foam holds stiff peaks.

3. You are now ready to add your other ingredients, such as sugar and fruit. These should be folded into the mixture carefully.

Use the proportions of ingredients called for on the non-fat dry milk carton. These will vary a little among brands.

A thoroughly chilled dessert, served on the same day it is prepared, is the tastiest. It loses its fluffiness and begins to separate if it stands overnight in the refrigerator.

Aid To Dieters

Dr. Aldrich suggests that chopped fruit or fruit purees combine well with whipped toppings for a pleasing dessert that is modest in calories.

While non-fat dry milk toppings are a boon to dieters, they do not really take the place of whipped cream for many desserts. Dr. Aldrich points out that whipped non-fat dry milk lacks the rich taste and feel of whipped cream. It also has a somewhat sharp flavor from the acid that is added.

A little cole slaw leftover? Use it with sliced cold meat for luncheon sandwiches.

'Mums' Head Holiday Plant Gift Parade

Potted chrysanthemums, always popular in fall, have gained more favor since professional growers now produce these colorful plants in many attractive "compact" shapes and colors. Fashionable homemakers love potted mums because they serve the same decorative purpose as cut flowers and arrive already "arranged" in their own clay pots.

Clay-potted mums in yellow and rust shades, make handsome worthwhile gift plants for Thanksgiving.

They are comparatively inexpensive. And they are available in so many forms; including the new "compacts" as well as lush long-stem beauties. Look for the charming button-type mum, the exotic spoon type, that looks as though it came straight from an Oriental garden, the bold football mum, which you can pick for a handsome corsage whenever you like. Another big point in favor of the potted mum is that you can plant it in your garden in spring after frost danger is past. You will enjoy its blossoms again in fall and there will be repeat bloom for years to come.

"Double-Duty"

House-plant buyers are becoming increasingly aware of the future "double-duty" value of plants they purchase as gifts. Both mums and the ever-favored Christmas poinsettias and Easter lilies are plants with futures, but there are many others. Hardy azaleas are high on the double-duty list. You can tell hardy azaleas by their lower bushier branches.

For apartment dwellers try such appealing ones as lovely tender azaleas like Albert and Elizabeth, or potted firethorns of many kinds — usually with orange or red berries. Indoors, the berries will cling all winter and contrast with the white yellow-centered blossoms that appear in spring. The plant can be set out in the garden as a permanent plant after frost is past. Give it a sunny location on the south or west side.

African Violets

African violets you buy as gift plants will not serve outdoors but can go on for years and years indoors, producing many offspring from cuttings placed in water or soil and later potted up when roots form. The semperflorens begonia is another old favorite now available in improved compact forms — like Pink and Red Pearl. Begonias will bloom without sun if given strong light from the north window or from a fluorescent tube a foot above its top.

Green plants, available in profusion in fall and winter, are long-lived house plants — many capable of surviving in subdued light for many months. You'll find rubber plants and Boston ferns as well as smaller table ferns.

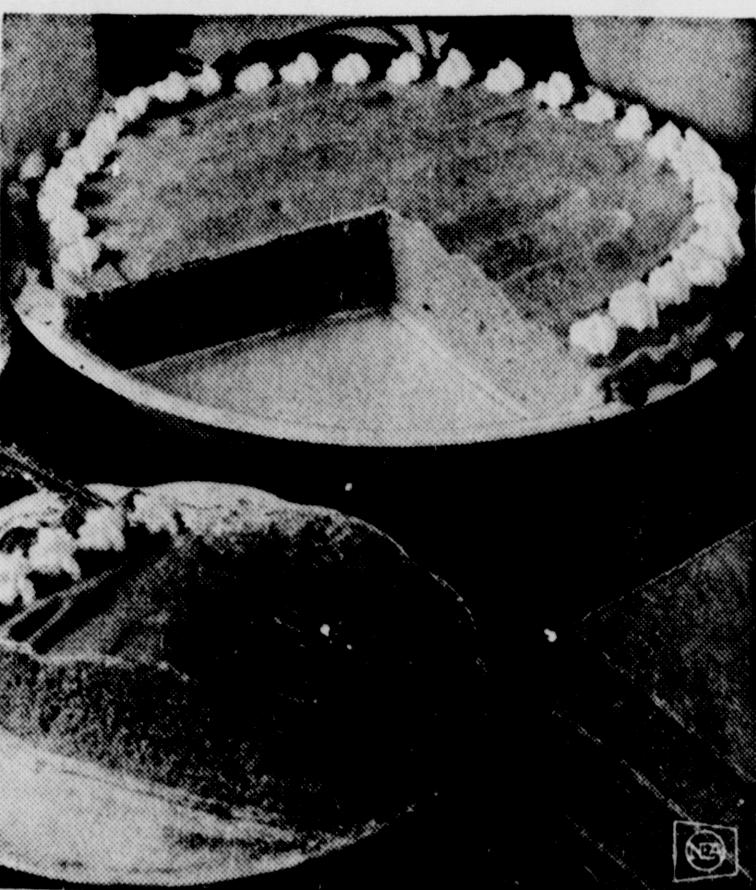

DRY OUT WET COATS

It's unwise to hang a damp coat in your coat closet. The dampness will spread and leave a musty odor. And the wet coat won't dry unless air is circulating around it.

1 cup canned pumpkin

1 cup milk

Combine sugar, corn starch, salt, cinnamon, ginger and eggs in mixing bowl. Add pumpkin and milk; blend well. Strain. Pour into pastry shell. Bake in 400 degree (hot) oven 15 minutes; set oven temperature control at 350 degrees and bake until knife inserted into filling 2 inches from edge comes out clean, about 30 minutes longer. (Center of pie will be soft, but will be firm when pie is cool.)

PUMPKIN CHIFFON PIE ends dinner on a sweet, frothy note.

Bridge League Weekly Play At Elks Club

The Elks Duplicate Bridge League held its regular session Saturday evening in the lounge of the Elks Club and scoring 50 per cent or over were:

1. Mrs. C. V. Murdock and Mrs. J. W. Ferguson; 2. Mr. and Mrs. Ken Dufresne; 3. Mr. and Mrs. Harry Needham; 4. Mrs. Kibby Treiber and James Tobin; 5. C. W. Murdock and J. W. Ferguson; 6. Mrs. G. E. Dehlin and Kibby Treiber; 7. Mrs. W. C. Wood and Mrs. C. J. Hoehn.

The next meeting of the League this coming Saturday evening in the Elks lounge will be the first of a series of monthly master point games sanctioned by the American Contract Bridge League. All bridge players are invited to attend.

Registration will begin at 7:30 and play, promptly at 8.

No Turkey For 6,000 Cut Off In Power Break

FRIDAY HARBOR, Wash.

(AP) — "The Thanksgiving turkey is probably out the window, unless they use charcoal broilers or something, but otherwise we're getting along fine."

R. E. Hartzog, editor of the Friday Harbor Journal, summed up the situation Sunday as Washington's San Juan Islands faced several weeks of power rationing.

An underwater cable from the mainland broke Thursday night, cutting off the supply of nearly 6,000 power users. The break was tentatively located Saturday. William Frans, Bonneville power administration area manager, said it is impossible to tell how long the repair job will take, but it will be weeks.

Diesel generators are supplying part of the need.

Horseback Rider Awarded \$3,000 For Auto Injury

STANTON (AP)—A Montcalm County Circuit Court jury has awarded a \$3,000 judgment to an Alpena man who claims he no longer can ride his horse because of injuries suffered in a 1961 traffic accident near Howard City.

Irving Chabot had sought \$15,000 in his suit against Lenger Construction Co. of Jenison. The suit charged that a Lenger employee was driving a company truck and towing his personal car which, it said, broke loose to start a chain reaction accident.

Chabot charged that the employee's car struck another auto and Chabot's cars and horse trailer then piled into the wreckage.

Chabot said his quarter horse, on which he competed at area fairs, escaped injury but that back injuries he suffered in the crash prevented his riding the horse since the accident.

Mount Clemens Airman Killed In Bridge Accident

MISSOULA, Mont. (AP)—Airman 2C, Robert Henry Dixon, 22, Glasgow Air Force Base, was killed Sunday when his car crashed against a bridge between Missoula and Great Falls, Mont.

Sheriff Dave Middlemas said Dixon, of Mount Clemens, Mich., was driving toward Missoula when his compact car gradually left the highway and hit the end rails of a timber bridge over Flat Creek, on Montana 20 about 45 miles southwest of Great Falls.

Middlemas said a driver following behind said Dixon appeared to have fallen asleep. There were no skid marks on the highway.

National Forest Timber Sale

RAPID RIVER RANGER DISTRICT HARVEST AREA
Sealed bids will be received by the Forest Supervisor, U.S. Forest Service, Escanaba, Michigan up to 2:00 P.M. (EST) December 29, 1964 and will be opened immediately thereafter for all live timber marked or designated for cutting and all merchantable dead timber located on a sale area of 730 acres of which approximately 140 acres are to be cut in Sections 5, 6, 7, 8, 17, 18, Township 43 North, Range 20 West, Michigan Meridian, Hiawatha National Forest. No bid less than the minimum rates shown below for each product-species will be considered. The estimated volumes and minimum rates are: 200 cords Aspen and Paper Birch pulpwood at \$0.50 per rough cord; 600 cords Balsam Fir pulpwood at \$2.60 per rough cord; 230 cords Spruce pulpwood at \$4.95 per rough cord; 60 cords Cedar posts at \$1.20 per rough cord. There is also an estimated volume of 300 rough cords of Balm-of-Gilead pulpwood, the cutting of which is optional and shall be required or permitted only upon written agreement between the purchaser and the Forest Service. The above rates include deposits for sale area betterment. A deposit of \$200.00 in the form of a certified check, bank draft, cashier's check, or money order must accompany each bid to be applied on the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. Bids submitted without the above form of deposit will require rejection of the bid as unresponsive. A bond of \$300.00 will be required. The right to reject any and all bids is reserved. Before bids are submitted, full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the District Ranger, U.S. Forest Service, Rapid River, Michigan, or from the Forest Supervisor, U.S. Forest Service, Escanaba, Michigan.

Wheel Chair Climbs Stairs

By BEN FUNK

MIAMI, Fla. (AP) — "I've got a newspaper clipping here," a telephone caller told The Associated Press. "It says the space scientists hope to develop a wheel chair that climbs stairs. I thought you might be interested in knowing that I've already built one and my son-in-law rode it up the steps of the courthouse the other day."

The caller was Rod Zamotin, 45, an employee of the jet engine division of Eastern Air Lines, part-time inventor and architect.

Working at home, in two years of spare-time effort, the "hobby" inventor has produced a wheel chair that does climb stairs, and could open a whole new world to the handicapped.

With Donald Whitney, Zamotin's son-in-law, riding the chair, it easily mounted the concrete steps of the courthouse.

Patent Assured

Zamotin, soft-spoken, New York-born son of a Russian portrait artist, has invented only little things in the past — such as a salt shaker which keeps the salt dry.

Two years ago, he read an appeal to inventors from the Department of Commerce to work on a wheel chair that would climb stairs. He went to work on it.

With his model completed, he applied for a patent. He said he has been advised that it will be granted "because of the novelty of my invention."

Beyond that Zamotin, no marketing expert, didn't know how to go about getting his brainchild to those who needed it. He wrote to a manufacturer of hospital supplies "and they said it was a wonderful thing, but it would involve a lot of tooling up to produce it and they wanted to know how big a market there was for it."

Zamotin has now been put in touch with experts in the handicapped field and has set up a series of demonstrations to prove the need.

"My chair," he said, "can mean that a paraplegic, now a burden to his family and friends, can enjoy independence."

"With my chair, he can go down the porch steps, cross the street, go to the shopping center, up the steps of the library, or just down to the beach to watch the tide come in."

Zamotin's wheel chair looks much the same as a standard kind, with two big wheels up front and a small one behind. On the flat, the driver operates it like any other, by turning the big wheels.

At the foot of a flight of stairs, the driver turns a small device which retracts the rear wheel and lowers a frame with a non-skid belt made of a special rubber composition developed by Zamotin and built by the U.S. Rubber Co.

The belt, molding itself to the stair edges, takes the driver upstairs backward as he turns the two large wheels by hand, just as in traveling on the flat. Zamotin says it can't slip or skid on the stairs.

While the model is hand operated, Zamotin says it could easily be electrified.

The model is much heavier than production chairs would be, but a 72-year-old man testing it out ran it upstairs handily.

State Briefs

ALLEGAN (AP)—R.A. Wilcox, 57, businessman and onetime mayor of Allegan, died of a heart attack Saturday. Wilcox, a trustee of Allegan Congregational Church, was stricken while tending the church furnace, one of his duties as trustee.

HONOLULU (AP) — A U.S. Navy seaman apprentice drowned Saturday while surfing at Maili Beach near Honolulu, police said.

The victim was Joseph Walko, 20, son of Mr. and Mrs. Michael A. Walko of Clawson, Mich. He was stationed on the Island of Oahu, Navy officials said.

Awards Given To 4-H Clubs

Special 4-H awards, including key club presentations to Terri Cain and Jennifer Patz, were made Thursday night at a dinner meeting in Hiawatha school. About 100 leaders, parents and guests and 4-H'ers attended.

Miss Cain also has been selected to attend the national 4-H club Congress in Chicago the end of the month, it was announced. She is a state safety winner.

Danforth Foundation awards were presented to Miss Cain and also to Robert Atherton. A proxy accepted for him as he is in military service.

Rosann Fleck was mistress of ceremonies. Dietmar Krumrey led pledges and Shirley Hubble gave invocation in the 4-H program. Music was provided by the Do Ri Mi group with Mrs. G. L. Bouschor and Jane Brunet accompanying.

In addition to Miss Brunet the singing group included Karen Vaughan, Joan Villeneuve, Jane Hoholik, Janet Archey, Paulette Nelson and Jane Brunet.

Representatives of local firms, Grace Villwock, county extension agent in home economics, and Dean Rhoads, extension director, presented the awards.

State awards in handicraft were presented to Ralph Ansell, Clarence Gerlach, James Ansell and Douglas McDowell.

Achievement awards went to Roseann Fleck, Linda Grimes, and Robert Atherton; bread awards to Pat Jenerou; clothing awards to Judith Zirnheft, Sharon Chartier, Sally Lee and Janice Carpenter.

Wayne Anderson and Douglas McDowell are the recipients of conservation awards. Also receiving conservation awards were Dennis Kelly, Beverly Messer, Anne Marie Hoholik, Laurel Archey.

Douglas McLeod, Roy Anderson, Paul Klarich and Kenneth Davis received electric awards; Shirley Hubble, Honey Messer and Laurel Lee Cousineau, health. In home economics the winners were Irene Archey, Jeanne Freeland, Jennifer Patz and Ann Marie Hoholik.

Dietmar Krumrey, Nadine Amore and Grace Holbrook received leadership awards.

The safety award was won by Paul Hoholik, and secretary-treasurer awards by Peggy Wickshire, Edna Smoth and Debbie Tanguay. Terri Cain and Linda Grimes won public speaking awards. David Vaughan, Gary Weber, Mary Ellen Cameron and Jennifer Patz won photography awards. Garden awards were won by Jane Brunet, Joan Villeneuve and Johanna Chivala. Pam Tovey won the citizenship award.

Clothing dress revue awards were presented to Lynn Hamiel, Jane Hoholik, Peggy McDowell, Judy Reid, Laurie Hubble, Gwen Minor, Cheryl Nickerson, Jean Gay McGregor, Kathie Nelson and Mary Ellen Cameron. Kathy Hoholik and Laurel and Irene Archey won home improvement awards.

In knitting the winners were Janet and Laurel Archey, Barbara Thorell and Beverly Messer.

Winning awards in foods and nutrition were Sharon Martin, Karen Vaughan, Dennis Cousineau and Christine Bouchard. Food preservation awards went to Linda Archey and Jennifer Patz.

The banquet, second of its kind, brings together leaders, parents, and donors to honor achievements of 4-H, Rhoads noted.

A short talk on school drop-outs and society's "drop-outs" was given by David Rood.

Dec. 8 a banquet will be held honoring 4-H leaders.

Two Hunters Spend Night In Steuben Woods

Two hunters from Holland, Arthur Banks, 50, and Kenneth Wiley, 38, walked out of the woods near Steuben about 9 a. m., Saturday after spending the night out.

State Police were notified by Victor Silk who said the men had answered his shots fired after dark. He hiked to the area, but suddenly could not hear the men's voices any longer. He said they were experienced woodsmen, had hunted the area eight years, and had compass, matches and heavy clothing.

Police used the electronic siren two hours, with the attempt discontinued at 2:15 a. m., with the thought the men had probably made a fire and were staying until daylight.

Both were in good condition when they came out despite 10-20 degree weather.

Briefly Told

Senior Citizens meet Tuesday, Nov. 24 at 7:30 p. m. in the K. C. Hall. Lunch will follow the travelogue on the Eastern part of the U. S. from the Smokey Mountains to New York City and the World's Fair.

A card riven by William Weinzirl, 45 of Rapid River was damaged at 4:30 p. m. Friday when it hit guardrails on U. S. 2 near the Bull Run creek in Delta County. Officers ticketed the driver for excessive speed.

Christmas Party Marks Ballases 40th Anniversary

A surprise party was given in the Elks Lodge to honor the 40th anniversary of Mr. and Mrs. James Ballas, who were married in Detroit Nov. 22, 1924. Their four children arranged the party.

The children are Mrs. Ivan (Helen) Caldwell of Allen Park, George of Lincoln Park, Tom of Taylor and William of Allen Park. They also have 13 grandchildren, most of whom were present.

Mr. and Mrs. Ballas moved here in July, 1957 to open the Beachcomber Motel. Mrs. Ballas is the former Fern McBurney of Manistique. Both like outdoor sports and are members of the Indian Lake Golf and Country Club.

More than 200 guests were present from Manistique, Detroit and suburbs, Newberry, Milwaukee, Marquette and Morley. The Swing Kings furnished music.

Both attendants, Mrs. Gladys McBurney, sister of Mrs. Ballas and John Lafler were present for the occasion.

In charge of the wedding cake was Mrs. Milton Aho of Newberry. The guest book was attended by Mrs. Lawrence Tennant of Manistique. Both are nieces. In charge of decorations was Mrs. Ronald Hoholik. A ruby and silver theme was used.

Cooks Boy Hurt By Exploding Shell

Michael Lee Erickson, 11, of Cooks was treated Saturday at 5 p. m. by a Manistique physician for a forearm wound caused by an exploding .22 calibre shell. The boy and the doctor reported to officers that he (Michael) found two bullets, put one on a rock and hit it with the other. The back of the shell went into the left forearm, near the bone, as the shell exploded.

In Service

SAN ANTONIO, Tex.—Three Manistique, Mich., men have completed U. S. Air Force basic military training at Lackland AFB, Tex., and have been selected to attend technical training courses.

They are Airmen Francis R. Weber, Jon J. Walters and DeWaine A. Dixon.

Airman Weber, son of Mr. and Mrs. Vincent F. Weber of 711 Arbutus Ave., will be trained as a flight training equipment specialist at Chantute AFB, Ill.

Airman Walters, son of Mr. and Mrs. Leonard R. Walters of R. R. 1, will attend the air traffic specialist course at Keesler AFB, Miss. He attended Northern Michigan University prior to entering the Air Force.

Airman Dixon is the son of Mr. and Mrs. Chester R. Dixon of 414 N. Houghton. He will be trained as an aircraft maintenance specialist at Amarillo AFB, Tex.

The airmen are graduates of Manistique High School.

Births

A daughter was born Nov. 20 in Schoolcraft Memorial Hospital to Mr. and Mrs. Richard Marsh, Gulliver. The baby weighed 8 lbs. 8 3/4 oz. Mrs. Marsh is the former Carol Kaye.

A son weighing 7 lbs. 2 oz. was born Nov. 20 to Mr. and Mrs. Ernest Neff, Gulliver. The mother was formerly Shirley Troyer.

Hospital

Admitted to Schoolcraft Memorial Hospital were Shirley Neff, Gulliver; Carol Marsh, Gulliver; and Paula Hough, 148 N. 5th.

Discharged were Terri Tennant, Asa Kidder, Grace Cummings, O. T. McCready, Fred Hastings and Charles Willour.

matter of fact

The Padang of the South Shan states deform the necks of their women by making them wear—from early childhood onwards—high metal collars whose length is gradually increased; this eventually produces such elongation and dislocation of the neck that if the collars were removed the wearers would not be able to hold up their heads.

One Year Brings Many Changes In Kennedy Family

EDITOR'S NOTE — A year after Dallas, the Kennedys are on the go again. After a period of indecision, Robert chose politics and scored a victory on his first try. Edward is coming back after critical plane-crash injuries, and Jacqueline Kennedy is making a new life. None forget Dallas, but a year has brought changes.

By JULES LOH

NEW YORK (AP) — Time is said to heal all wounds, but one year isn't much time to heal the wound the Kennedy family suffered last Nov. 22.

In the days following the assassination, Robert F. Kennedy reflected the family's grief. Always laconic, he became almost curt; always detached, he became sullen. Finally he was able to say "Sorrow is a form of self pity, and we have to go on." He seemed to be speaking for the entire family.

A year after that day in Dallas, it is clear that the characteristic optimism of the Kennedys has survived. The family still is one of drive and accomplishment.

First In History

When Robert was elected senator from New York and Edward M. re-elected in Massachusetts to the seat once held by his late brother, it marked the first time in history three brothers had become senators.

Last June 20, the day after the plane crash in which Edward was critically injured, Robert contemplated the family responsibilities facing him and announced that he would not be a candidate. But Edward made swift progress and he changed his mind.

With both Robert and Edward fit and eager for public life, speculation bobs up about the future for both of them.

As senator from a key state Robert, 39 today, plainly is in a good spot to try for higher office, even the presidency. Edward, at 32, has even more time on his side.

FOUR FREEDOMS

As expressed by President Franklin Delano Roosevelt, the Four Freedoms were Freedom of Speech, Freedom of Worship, Freedom from Want and Freedom from Fear.

Election night was one for the Kennedy family to savor.

Joseph P. Kennedy, 76, patriarch of the clan, flew to New York to be with Robert that night, and at Edward's bedside in Boston were other Kennedys.

Once again the Kennedys could gather in triumph, as so many times they had gathered in affliction — when Joseph P. Kennedy suffered a stroke, when infant Patrick Kennedy died, when Edward was injured in the crash.

Edward will soon be out of his steel orthopedic frame, the device he calls a rotisserie because it is used to turn him over. Aides at the hospital have a betting pool on when he will talk — most guess between Dec. 11 and Dec. 20. Edward's only goal is to walk into the Senate when it convenes in January.

Almost four years after his near-fatal stroke, Joseph P. Kennedy is "somewhat better," according to Edward. He has been visiting Edward about once a week. Mrs. Joseph P. Kennedy also has been active; she was an enthusiastic campaigner for her son in the New York Senate race.

Widow Keeps Busy

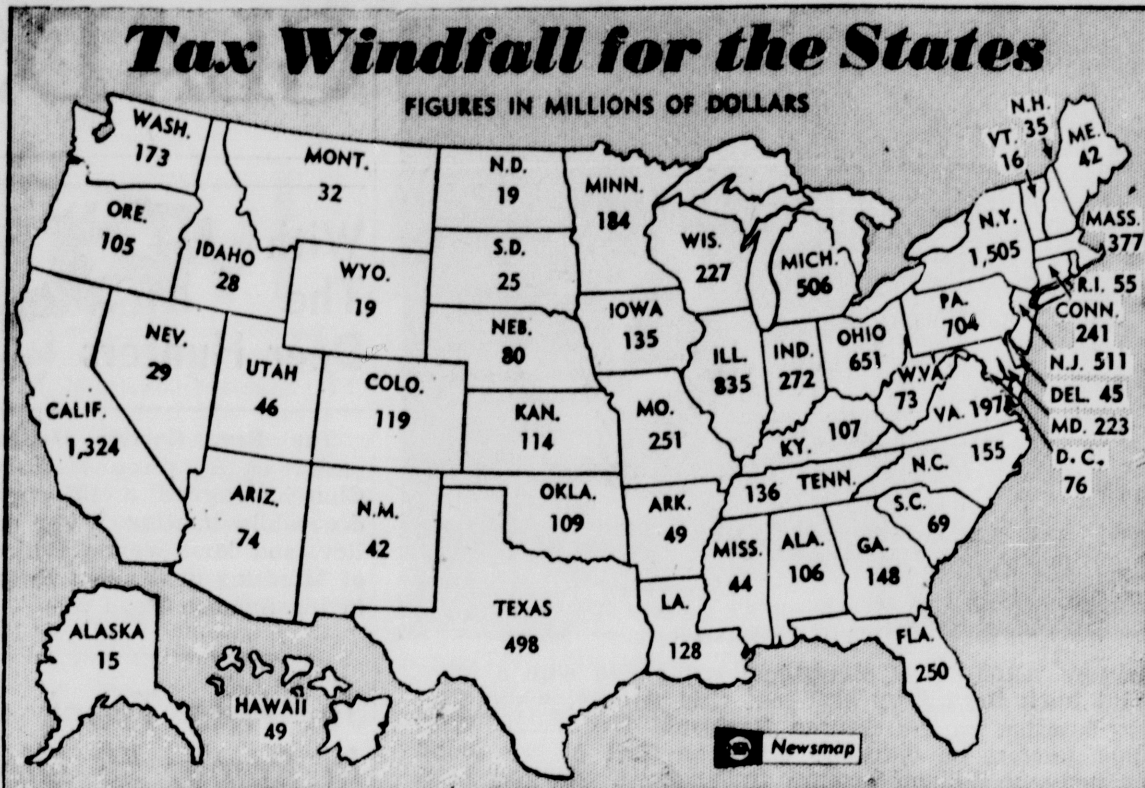

Duties have been heavy on Mrs. John F. Kennedy in the year since Dallas.

She accepted the task of guiding the outpouring of tribute to her husband. With the fervor of a devoted curator, she has been assembling her husband's historical legacy.

Besides helping raise funds for the Kennedy Memorial Library to be built at Cambridge, Mass., she has helped to plan, or at least acknowledge, memorials to John F. Kennedy throughout the United States and from Runnymede to Bolivia.

She has found, at last, some privacy in her apartment in New York and a house on Long Island's North Shore.

Mrs. Kennedy's formal period of mourning ended Sunday but Pamela Turnure, her secretary, expects there will be no sudden change in her life. Letters still arrive at the rate of 400 a day. "She values her time with her children," Caroline and John F. Jr., says Miss Turnure. "What she does will depend on how she feels later on."

BENEFITS FROM THE TAX CUT—Residents of New York state—because there are more of them—will receive the biggest share of the \$11.5 billion federal tax cut when it's fully effective next year, according to the Treasury Department. Newsmap shows how much less income tax the residents of each state will pay.

Chippewas Get Help At CMU

MOUNT PLEASANT (AP)—On an Indian reservation, "right in our own back yard, we had an educational problem that we as students were doing nothing to alleviate," said Dick Maynard at Central Michigan University.

But Maynard, a future teacher, helped change that. And several Indian youngsters now have "Chippewa big brothers and sisters" at CMU aiming to help them obtain the best education possible.

Chippewa Indian Reservation is about three miles from the CMU campus, but Maynard found not many CMU students knew where it was.

"After three years of participation on Central's 'Chippewa' athletic teams, I suddenly discovered that I didn't even know where the reservation was,"

said the former CMU cheerleader and gymnastics team member.

Maynard said he investigated and found that Indian youngsters from the reservation generally had not done much in school.

"I found that numerous scholarships were available, but that the Indian students couldn't qualify for them because very few finished high school," he said.

It seemed ironic, he said, that such a situation could exist next door to a university which turns out large numbers of educators each year.

Maynard, a senior from Pentwater, is president of the Association of Childhood Education (ACE), an organization of some 130 prospective elementary teachers.

He took the problem to ACE, enlisted the help of CMU and local public school officials, and then took his plan to the Chippewa tribal council, the reservation's governing body.

The council approved, and parents gave permission for the

program to sponsor 10 Indian youngsters attending a Mount Pleasant elementary school.

On Nov. 5, ACE became the first student group to sponsor an Indian child.

The idea, Maynard said, is to "help the child make adjustments to the community and the school through personal and social contacts."

"This is in no way a financial aid program," he added. "All we want to do is offer some guidance and inspiration so that these children will recognize the educational opportunity open to them."

Three other organizations also have volunteered to sponsor youngsters throughout their elementary and high school years. Organizations, rather than individuals, act as sponsors because individual students are at CMU only four years.

"We hope to soon have all 10 of the Indian students under sponsorship," Maynard says, "and then we hope more parents will decide to let their children take part in the program."

Lost Three Days, Hunter, 33, Gets Out At Toivola

HOUGHTON (AP) — Missing since Friday in frigid, snow-choked Upper Peninsula woods, a 33-year-old Grand Rapids deer hunter found his way out today.

Robert Fisher, an engineer, complained of frostbitten feet, but otherwise seemed in good spirits, said Deputy Sheriff Jerry Buschell, who talked by telephone with Fisher.

Fisher walked out of the woods at Messer's Mill in the community of Toivola, about five miles north of the Village of Donken, outside of which he disappeared.

Buschell ordered Fisher brought immediately to a hospital in nearby Hancock for examination.

When Fisher stumbled out, Buschell said "a man at the mill called me and let me talk to Fisher."

Fisher found his way out as authorities expressed "fear of the worst" in his disappearance in an area 20 miles southwest of Houghton. Searchers had found the woods choked by two feet of snow. Overnight temper-

Donald Kivela Dies At Rock

ROCK — Donald Ilmer Kivela of Coos Bay, Oregon, died shortly before midnight Sunday of a self-inflicted gunshot wound, State Police of the Gladstone Post reported today.

Police said Kivela, a former resident of Ishpeming, was found at 11:42 p.m. by Walter Lampinen in the kitchen of the Lampinen home at Rock. He was pronounced dead at the scene by Dr. Otto Hult, county medical examiner.

HENRY ARCEY of Manistique is pictured with a nine-point buck bagged by his son, Carl Arcey, while Carl was hunting on the Garden Peninsula Wednesday. With other hunters on Saturday afternoon Carl Arcey found the body of William Loomis, Indianapolis, who had been missing since Oct. 15. (Daily Press Photo)

Lampinen told police that Kivela, 45, had moved to Oregon two months ago and had returned to the Rock area two weeks ago to pick up his car and belongings.

Troopers said the fatal wound came from a 12-gauge shotgun.

Mr. Kivela was born in Ne-gaunee on May 21, 1919 and was employed in Oregon as a maintenance man in a paper mill.

He is survived by his wife, Toini, of Coos Bay, two sons, Morris, who is stationed in Georgia with the U. S. Army, and Allen of Ishpeming, one daughter, Lynn Kivela of Coos Bay, one brother, Aino of Rock, and one sister, Mrs. Leo Jyrkila of Rock.

The body was removed to the Anderson Funeral Home where funeral arrangements are incomplete.

With The Deer Hunters

Tom Tonkin, 17, of Ford River Road, bagged his first deer, a four-point, Sunday morning while hunting from his grandfather's camp at Stonington.

Dennis Bratonia shot a 6-point, 140 pound buck hunting out of Ted Erickson's car by the Gladstone golf course.

Steve Javurek, 15, of 412 S. 18th St., bagged his first deer, a 125-pounder Sunday while hunting with his father, Charles in the Rock area.

Jim Bratonia, hunting out of Croatian Hall No. 2 at Watson bagged a 8-point, 180 pound buck on Thursday.

Sharon Preston, 14, of Powers is a happy hunter. She brought down her first deer Saturday at 8 a. m., while hunting in the Powers area. Her kill was a four-point, weighing 175 pounds.

Chips And Splinters

Contributions To Chips Welcomed

Mrs. W. J. DuBord of Ford River Road could hardly believe her eyes this morning when she looked out the front window of her home. Hopping about on the DuBord lawn were a pair of plump, red-breasted robins.

Nahma

Scholarship Tests

The following seniors wrote Michigan Higher Education scholarship examinations Saturday: Don Johnson, at Manistique; Lynda Groleau and Dani Sargent, at Rapid River.

Joan Sefcik has been employed by Bark River Culvert Co., Escanaba.

Mrs. Albert Mercier Sr., left for Muskegon to spend the winter months with her son, Grover Weberg, and family.

Mr. and Mrs. Harry DeRosier and Mrs. George Girard left for Milwaukee to attend the funeral of Mr. DeRosier's brother, Peter.

Hunters

Mr. and Mrs. Melvin Sheedlo of Saginaw are hunting from their cottage on the St. Jacques Road.

Norman Blowers of Anderson, Ind., filled his license Friday, shooting a spike horn. Harry Sundling of Nahma also got his deer.

Sponsoring Movie

The sophomore class of Nahma Township School will sponsor a movie, "Gidget Goes Hawaiian," Wednesday, Nov. 25, at 7:30 p. m., at the school. The public is invited. A matinee showing will be held for the lower grades.

Thanksgiving Vacation

Classes will close at the Nahma Township School Wednesday afternoon, Nov. 25, and will be resumed Monday, Nov. 30.

Boats Delayed By Frozen Ore

The Chicago & North Western Railway Co., edging toward a 6½ million tons mark for the season, has had its iron ore loading operations slowed to a comparative dribble because of the cold weather the past three days.

There were three boats at the dock, four waiting in the bay, and two others scheduled to arrive today as the ore-thawing facility went on around-the-clock operation in an effort to unplug the frozen bottleneck.

Loads of ore arriving from the mines of the Marquette Gobeic and Menominee ranges as well as those in the yards freeze solid in the railroad cars. The ore must be loosened in the North Western's new infra-red ore thawing shed before it can be dumped into the dock pockets and thence into the ore boats.

At the dock today were the ore boats Sam Mather, McKee and Sons, and Leon Falk; at anchor in the bay were the Randall, Schoonmaker, Shenago and Dalton; due to arrive today for cargoes were the Henry Ford and Harvester.

To date there have been 6,327,414 tons of ore loaded by the North Western at Escanaba and the total may go to 6½ million before the shipping season closes about mid-December. Last year's total was only slightly above 5 million tons.

The mines have closed production on regular ore. The only ore continuing to be received is pellet ore from processing plants at Groveland near Iron Mountain and at Palmer near Marquette. Pellet ore is dry and does not freeze in the cars.

Traffic Jammed On New Bridge

NEW YORK (AP) — The spanking-new Verrazano - Narrows Bridge spanning the entrance to New York Harbor climaxed the first 24 hours of its life with a monumental traffic jam.

Police reported that so many sight-seers had flocked to the structure Sunday they caused a four-hour traffic jam, with cars backed up for miles on both approaches.

Traffic officials said about 100,000 cars had crossed the span in the first 24 hours. It is the world's longest single-span suspension bridge and Staten Island's first structural link with the rest of New York City. It connects Staten Island with Brooklyn.

Menominee Co. PTA Sponsoring Fluoride Program

The Menominee County Topical Fluoride Committee is planning preparation for its summer's fluoride program.

A school survey will be conducted again this year to determine the amount of interest for the 1965 program. A survey letter will be sent to all eligible students in second, fifth and eighth grades. The students and parents are to return the survey letter to teachers the following day, indicating whether or not they wish their child to receive fluoride. The letters will be given to the students within the next two weeks.

Last year's fluoride program treated over 500 children in Menominee County. Each child received a prophylaxis, four applications of topical fluoride, and a toothbrush and tooth brush instructions. The topical fluoride will reduce new decay up to 40 per cent. Each child should receive the fluoride applications at four stages in his growth: pre-school age, 7-8 years, 10-11 years, and 13 years of age. If a child receives the fluoride at all stages every tooth will be protected from tooth decay. The Public Health Department urges that all pre-schoolers (3-4 years old) be given the fluoride so they can benefit from the complete program by the time they are 13 years old.

Venne Conviction Of Drunk Driving Upheld By Court

The Justice Court conviction of Stanley R. Venne, 326 S. 6th St., on a charge of driving while under the influence of intoxicants was upheld in a ruling handed down today by Circuit Court Judge Bernard H. Davidson of Negaunee.

Venne was fined \$100. The conviction also carries with it automatic suspension of driver's license.

Venne had been found guilty of the charge by Justice Ross Davis of Gladstone after arrest by State Police last summer. Testimony on an appeal of the conviction was taken by Judge Davidson in Circuit Court here on Nov. 9.

Hospital

Mrs. John Moras, 220 N. 19th St., was admitted to St. Francis Hospital for treatment. Her room is 209.

GLADSTONE

With The Deer Hunters

The Rev. George Heltzel, pastor of the Free Methodist Church, downed a 125-pound doe while hunting with the Rev. and Mrs. Wayne Bullock of Munising at 8 a. m. Friday in the Steuben Road area.

Jet Hits Truck In Rome; 50 Die

(Continued from Page 1)

ing the runway to begin its take-off.

An airport employee said he noticed a flame from an engine, saw the jet roll another few meters and stop. He said the doors opened and passengers began jumping out. At that moment, he said, an explosion ripped it to pieces.

According to one version by witnesses, the plane actually was making its takeoff run, lifted a few feet off the runway, then dropped back, while the pilot tried desperately to brake it to a stop.

Some Identified

One wing of the plane was reported to have struck a heavy roller at the edge of the strip, damaging the wing and causing fuel to pour out. According to this version the fuel ignited and the plane exploded 200 yards farther along.

First of the identified injured was Elisabeth Loretta Cartley, 39, of Santa Monica, Calif. She was taken to Rome's San Camillo Hospital suffering from various fractures.

TWA identified some of the crew members as Vernon W. Lowell, the pilot, of Glen Head, N.Y.; William A. Slaughter, first officer, of Andover, N.J.; John W. Churchill, second officer, of Ridgefield, Conn.; and H. Warren Lowery, flight engineer, of Levittown, N.Y.

TWA said the plane hit a truck used for laying tar. The truck was rolled over.

TWA said its employees aboard the plane were making vacation trips or were on their way to stations of service. Nineteen of these boarded the plane at Rome.

Flight operations at the airport were halted. Outgoing flights were delayed indefinitely. Incoming flights were shifted to Ciampino Airport, Rome's old commercial field.

The plane was a Boeing 707-320 intercontinental, one of 59 owned by the airline. It can carry 189 passengers.

Awards

Four K. I. Sawyer Air Force Base men recently received the Strategic Air Command Educational Achievement Award for work they have accomplished in the educational field.

The men, all members of the 410th Bomb Wing Headquarters Squadron, who received the certificates of accomplishment are T-Sgt. Jack E. Erwin, S-Sgt. George C. Geissler, Al E. Richard M. Dalton and S-Egt. William R. Dolan.

Axel A. Thomas Of Ensign Dies

Axel A. Thomas, 68, of Rte. 1, Ensign died Sunday of an apparent heart attack while working in the woods near his home at Ogontz Bay.

State Police of the Gladstone Post, who investigated the death, said that Thomas apparently was stricken while trying to free his tractor which had become mired.

The body was found at 4:25 p. m. Sunday by Adolph Lundberg, Rte. 1, Ensign, a life-time friend and business partner of the deceased.

Mr. Thomas was born April 21, 1896 in Kasko, Finland and has been engaged in commercial fishing with Lundberg for the past 20 years.

He is survived by a son, Folke Alquist, who is with the U. S. Army in Columbus, Ga., and a brother, Oscar Thomas, Evanston, Ill.

The body was taken to the Skradski Funeral Home where friends may call after 3 p. m. Tuesday. Funeral services will be held at 2 p. m. Wednesday at the Skradski Funeral Home chapel with the Rev. George Olson, pastor of Calvary Lutheran Church, Rapid River, officiating. Burial will be made in Gardens of Rest Cemetery.

Obituary

MRS. JACK ANDERSON

Funeral services for Mrs. Jack Anderson were held at First Lutheran Church at 1 p. m. Saturday with the Rev. Reubin L. Carlson officiating. Burial was made in Fernwood Cemetery. Pallbearers were Ray Strand, Elmer Nicholson, Victor and William Ogren, Theodore Erickson and Loyal M. Siegfred.

Briefly Told

The Wednesday Matinee bowling league will bowl at the Midway Lanes at 1:30 p. m. Tuesday.

Women's Missionary Society of Bethel Evangelical Free Church will present a Thanksgiving program at the church at 7:30 p. m. Tuesday. The public is invited.

State Police are investigating a careless use of firearms case in Bark River Township Sunday. James Harris, Rte. 1, Bark River, reported to police that someone fired four shots over the top of his car.

Clayton C. Dean, 1111 1st Ave. N., was sentenced to two days in jail and assessed fines and costs of \$50 after pleading guilty to a charge of driving while his license was revoked when arraigned before Justice A. J. Mortier of Gladstone. Dean was arrested by State Police Saturday.

Charles G. Sarasin, Rte. 1, Bark River, was ticketed by State Police for violation of the basic speed law, too fast for conditions, after his car rammed a parked car owned by Joe Vogel, 325 N. 13th St., at 12:40 p. m. Saturday on Co. Road K-10 in Bay de Noc Township. Sarasin told police that his vision was obscured by dust from another car.

A hit and run accident was reported to State Police Sunday by Elinor M. Pultz, 301 N. 16th St., Escanaba. Elinor told troopers that she was going north on U. S. 41 in Masonville Township when a car going south crossed over the center line and struck her car in the left side. She said the other car left the scene at a high rate of speed. Police are investigating.

State Police of the Gladstone post issued tickets over the weekend to: Adeline J. La-Cosse Sr., 1212 Minnesota Ave., Gladstone, expired registration on vehicle; Joe E. Lintz, Jones, Mich., speeding; William N. Hall, Bark River, speeding; Joseph H. Dupuydt, 403 Delta Ave., Gladstone, parking in restricted zone; Richard G. Anderson, Rte. 1, Escanaba, no valid operator's license; Roy K. Wery, Rte. 1, Wilson, defective brakes; David D. Vaseau, Allen Park, Mich., speeding; William DeKeyser, 425 Dakota Ave., Gladstone, disregarding of stop sign.

Seven Convicts Flee In Tunnel

WALLA WALLA, Wash. (AP) — Seven convicts, including three convicted murderers, crawled to freedom through a tunnel Sunday night from their maximum security cell block at the Washington State Penitentiary.

The Washington State Patrol and Oregon State Police set up roadblocks for the seven, all veterans of previous jailbreaks.

Harold Schoesler, a correctional officer at the prison, said the men had dug through a cement floor in the cell block and tunneled about 40 feet to a point outside.

Warden Bob Rhay said homemade shovels were found in the tunnel.

"The men were not armed when they left, unless possibly they had homemade knives," Schoesler said. "They would have no firearms at any rate. Apparently they left on foot."

The men were identified as Vertis James Barrett, 35, Arthur St. Peter, 39, Neil C. Wallen, 28, John L. Mullenix, 33, Harold Thomas, 38, Donald Maseros, 23, and Richard Eugene Loux, 26.

Building Group Awards Contracts For Jail Work

Bids totaling \$2,295 for finishing work and kitchen equipment for the Delta County Jail were awarded Friday by the County Building and Grounds Committee.

The committee accepted the low bid of \$1,232 from Aslesen's Co., of Minneapolis, Min., for kitchen equipment, including a serving cart, a dish storage cart, a range and a work table.

Also accepted was a low bid of \$978 from Bosk Paint and Sandblasting of Escanaba for painting cell block floors with an epoxy-type paint. A low bid of \$85 was accepted from Roland Baldwin of Escanaba for cleaning and waxing of tile floors in the jail.

Shotgun Bandits Rob Grandville Store Of \$1,000

GRANDVILLE (AP) — Two men reportedly clad in Army fatigues with one carrying a sawed-off shotgun were sought today in the robbery of about \$1,000 from a late-closing grocery here.

Police said clerk John Gardner reported he was alone in the store Sunday night and preparing to close when the intruders entered and demanded money at gunpoint. He said he placed contents of the till on the counter and said one man took money from the store safe. Police were told the pair fled by car and believe it was linked to a passing motorist's report of a reckless driver near the store.

Goldwater Will Resume Job Of News Columnist

LOS ANGELES (AP) — The syndicated newspaper column of Sen. Barry Goldwater, which he suspended early this year upon deciding to seek the Republican presidential nomination, will be resumed Jan. 4.

The Los Angeles Times Syndicate introduced the Arizona senator as a columnist in 1960. Once again it will distribute the three-times-a-week column, according to an announcement in Los Angeles by Goldwater and Times publisher Otis Chandler.

Michigan Tips Bucks For Rose Bowl Berth

It's Michigan in the Rose Bowl but the Wolverines may have to sweat it out a week before learning the identity of their opponent — Oregon State or Southern California.

Over-all records favor Oregon State but the Pacific Coast selectors are expected to wait and see how Southern California fares against top-ranked Notre Dame Saturday.

Should the Trojans happen to unseat the mighty Fighting Irish, a feat nine others have failed to do this year, they likely would be tapped for the host role at Pasadena. If the Trojans lose, it would send the pendulum swinging to Oregon State.

Athletic directors of the eight Pacific Athletic Conference members take a preliminary vote today. If they're not unanimous, then the next ballot will be put off until Nov. 29.

Oregon State and Southern Cal finished with similar 3-1 records in conference play but Oregon State's over-all 8-2 mark is more impressive than the Trojans' 6-3. The PAC selectors have no strings attached. They can pick whom they please.

Service Classic
With one more week of heavy football, headlined by the Notre Dame-Southern Cal game at Los Angeles and the Army-Navy service spectacle at Philadelphia, the major bowl line-up is almost set.

Here it is:
ROSE BOWL — Michigan, 8-1, vs. Oregon State, 8-2, or Southern California, 6-3.

COTTON BOWL — Arkansas, 10-0, vs. Nebraska, 9-1.

ORANGE BOWL — Alabama, 9-0, vs. Texas, 8-1.

SUGAR BOWL — Louisiana State, 7-1-1, vs. Syracuse, 7-3.

GATOR BOWL — Florida State, 8-1-1, vs. opponent yet to be named.

BLUEBONNET BOWL — Tulsa, 7-2, vs. Mississippi, 5-3-1.

None of the bowls can offer a game with national championship implications as the game between the Nos. 1 and 2 teams, Texas and Navy, last New Year's Day in the Cotton Bowl.

Notre Dame, firmly fixed in the No. 1 position with an imposing 9-0 record, has withdrawn from consideration, helped along by the fact the big bowls couldn't wait, anyhow.

The Irish smashed Iowa 28-0.

in freezing cold at South Bend and now need only to take care of Southern Cal to wind up their first perfect football year since 1949.

Alabama, the No. 2 team which has chosen to spend the holidays in Miami's sunshine, has a rugged Thanksgiving Day assignment coming up with Auburn, an old rival that upset the Tide last year.

Win String Ends
Upsets took a little of the shine off a couple of the New Year's Day games. Nebraska, playing Arkansas in the Cotton Bowl, had its 16-game winning streak snapped by Oklahoma 17-7. And Syracuse, headed for the Sugar Bowl, suffered its third loss, a 28-27 defeat by West Virginia.

LSU, Syracuse's opponent at New Orleans, still has a game left with Florida, Dec. 5.

The defeat of Nebraska left only four major teams with perfect records, and two of these, Notre Dame and Alabama, are still in danger. The others are

Arkansas and Princeton, 9-0.

Arkansas, led by quarterback Fred Marshall, posted its fifth straight shutout and completed its first unbeaten-untied season in 55 years by stopping Texas Tech 17-0. Princeton clinched the Ivy League title, subduing Cornell 17-12.

Michigan used a couple of Ohio boys who got away from Ohio State Coach Woody Hayes in beating the Buckeyes at Columbus 10-0 for the Big Ten championship and the first trip to the Rose Bowl in 14 years.

Timberlake Stars
Bob Timberlake of Franklin, Ohio, threw a 17-yard touchdown pass to Jim Detwiler of Toledo. Timberlake also kicked the extra point and added a 27-yard field goal to account for all the Wolverine scoring.

Oregon State and Southern California kept their bowl hopes breathing with victories on the West Coast. Oregon State edged Oregon 7-6 and Southern Cal bumped UCLA 34-13.

Of the Top Ten teams, four were beaten. These were Ne-

braska, No. 4; Ohio State, No. 7; Syracuse, No. 9, and Oregon, No. 10.

Winners were Notre Dame, No. 1; Arkansas, No. 3; Michigan, No. 6, and Louisiana State, No. 8. LSU downed Tulane 13-3 with left-footed kicker Dean Moreau booting two field goals.

Alabama, No. 2, and Texas, No. 5, did not play while preparing for tough Thanksgiving Day assignments. Texas closes with Texas A&M.

The No. 1 Irish, playing in 15-degree cold, throttled Iowa's passing ace, Gary Snook, and piled up four touchdowns on the power running of Bill Wolski and the passing of John Huarte.

Florida State Wins
Florida State drew a Gator Bowl bid after beating Florida 16-7 for an 8-1-1 season's record. Les Murdock's three field goals proved to be the winning margin.

Tulsa received another top performance from record-setting passer, Jerry Rhyme. Rhyme hit for 21 of 35 in beating Toledo 39-16. He passed for two touchdowns and ran for another.

Upsets marked the traditional games throughout the country. Harvard beat Yale 18-14. South Carolina surprised Clemson 7-3. North Carolina beat Duke 21-15. Kentucky edged favored Tennessee 12-7. Wisconsin, with five losses in six previous conference games, downed Minnesota 14-7.

Missouri spoiled Kansas' hopes for a share of the Big Eight title 34-14. Colorado, with only one victory, upset the Air Force 28-23. Stanford rallied in the second half for a 21-3 triumph over California.

Duffy Figures Spartans Will Improve In '65

EAST LANSING (AP) — Michigan State has high hopes for a better football record next fall. Meanwhile, the Spartans are wishing the University of Michigan the best of luck in the Rose Bowl.

MSU Coach Duffy Daugherty was among the first to congratulate the Wolverines for their Big Ten win.

"I know Michigan will be a great champion for the Big Ten," Daugherty said. "They won it the hard way and deserved it. That Bob Timberlake probably was the finest player we faced all year."

MSU President John Hannah gave an official seconding of the congratulations.

"We are pleased that they won," he said of Michigan. "And glad that it was one of our schools from the State of Michi-

gan. They have our complete support."

Daugherty, evaluating his own team after the 16-0 shutout Saturday by Illinois, said his outfit "ran true to form."

The predictors, Daugherty said, pegged MSU just about right—to end up in the second division while fighting for the first.

MSU finished with a 4-5 overall record and 3-3 in the conference for sixth place in the Big Ten standings.

"But with these leftovers we have and the sophomores coming up next year we hope to be a greatly improved team," Daugherty said.

Daugherty gave a very simple explanation for the loss.

"They simply overpowered us," he said. "They have probably the finest defense we met all year. We just couldn't run against them. We had more grace than they did but we weren't able to get the ball across."

Said Daugherty of Illini fullback Jim Grabowski, who topped the Big Ten in rushing, "he's a fullback who runs like a halfback."

Daugherty also went along with the Associated Press pick of Illinois defensemen Dick Butkus as an All-America.

MSU played Illinois in miserable weather in 18 degree temperature and a slippery field. But it wasn't any colder on the Illinois side of the field than the MSU side, coaches admitted.

There were 45,172 tickets sold for the game, but only some 32,000 shivering fans showed up. Illinois was in control all the way with Grabowski showing the way. He cut through the MSU line for 53 yards on the third play of the game from scrimmage to set up a first touchdown, then bolted 58 yards in the second quarter for another six-pointer. A two-point safety and two conversions added up to the final score.

The MSU footballers meet tonight for an annual dinner with the announcement of the "most valuable player" award and selection of a team captain.

One-Point Defeat Kept UM From Perfect Season

ANN ARBOR (AP) — Michigan's Big Ten football champions will have a few days to savor their recent successes and make plans for the Rose Bowl trip before actually getting down to the hard work of practice sessions again.

The Wolverines completed their regular season with a 10-0 victory over Ohio State at Columbus Saturday to win their first conference football title since 1950.

The championship — along with the coveted trip to the West Coast for the bowl game—though hoped for, was not taken for granted by Michigan.

Head Coach Bump Elliott said Sunday he had no idea when the Wolverines would be able to start practice for the bowl game or when they would journey to Pasadena.

"Things are a little bit up in the air right now," Elliott said. "We are not too sure just how many days we are allowed and we have to consider that our players have exams coming up. "Things should start shaping up Monday."

Elliott, who starred on the Wolverines' 1947 conference and Rose Bowl champions, will be making his second trip there as a coach. He was an assistant at Iowa when the Hawkeyes won the championship in 1956.

The Wolverines, winners of only five games in the last two seasons, finished with an 8-1 record, 6-1 in conference play, and missed a perfect season by one point. They lost, 21-20, to Purdue.

Elliott reminded reporters Saturday that he had said at the start of the season that Michigan would be a better ball club. And, if things went just right, "we could be real tough."

Fast development by a number of sophomores, a stubborn defense and a highly-successful running game paced by quarterback Bob Timberlake all figured in Michigan's championship drive.

Asked what he felt was the big factor in the team's success, Elliott said:

"This is a team that made its own breaks. Other teams may sit back and wait for the breaks

to come their way, then take advantage of them.

"But this team went out, played hard and forced the other team to make mistakes." Timberlake, who fell 15 yards short of setting a single season total offense record for the Wolverines, passed 17 yards to Jim Detwiler for the lone touchdown, and booted a field goal and extra point against Ohio State.

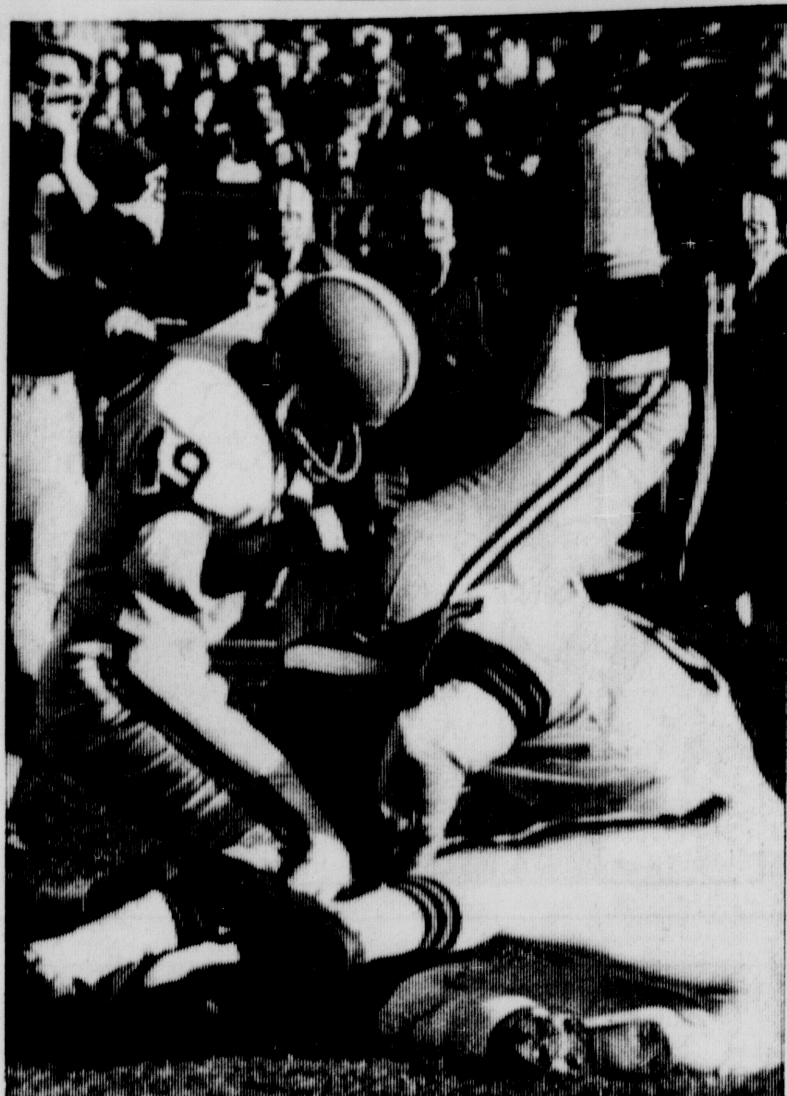

The touchdown came just 44 seconds before the end of the first half and was set up by a fumble recovery by end John Henderson on the OSU 20.

The Buckeyes' Bob Rein bobbled the ball while trying to catch a 50-yard wind-assisted punt by Stan Kemp.

The 18 mile-an-hour winds and 20 degree temperatures prevented either team from mounting a passing attack.

Michigan's Rick Volk threw intercepted passes in the fourth quarter to end late bids by the Buckeyes.

Volk's 24-yard punt return set the stage for Timberlake's 27-yard field goal early in the final quarter.

HALFBACK ELIJAH Pitts of the Green Bay Packers is thrown for a two-yard loss in no uncertain terms by the Cleveland Browns' Jim Kanicki, right, and Walt Beach (49) Sunday in the first period of their National Football League game in Milwaukee County Stadium. The Packers won, 28-21. (AP Wirephoto)

Red Wings Keep One-Point Lead

NEW YORK (AP)—The Detroit Red Wings held to their one-point lead in the tight National Hockey League race today, thanks to the stickwork of veteran Norm Ullman and reserve forward Lowell MacDonald.

The two scored all the Detroit goals, MacDonald's single score coming in the last few minutes, as the Red Wings and New York Rangers fought to a 3-3 tie Sunday night.

MacDonald, 23, who had scored in only four previous NHL games, dashed the length of the rink for the tying counter.

Earlier Detroit twice had lost leads provided by two goals by Ullman.

Detroit stays in front in the NHL race with the slim margin over the runner-up Toronto Maple Leafs. The Red Wings have nine victories against six defeats. The tie Sunday night was their third.

Before MacDonald's rink-length dash to beat goalie Jacques L. Plante, Bob Nevin had given the Rangers a 3-2 lead. He scored early in the third period. MacDonald rescued Detroit from defeat with less than four minutes to play.

Nevin, faking goalie Roger Crozier, backhanded the puck into the cage while New York was one man short with Larry Cahen sitting out a penalty. It was Nevin's second goal of the game.

Ullman, scoring his seventh and eighth goals of the season, put Detroit ahead 1-0 in the first period in a combination play with Doug Barkley and Parker MacDonald.

New York quickly tied it on Nevin's first goal, a 30-foot shot.

Perkins Tops Nahma 85-64

PERKINS — Julian Vandecaveye made a successful debut as coach of the Perkins Yellowjackets Saturday night as his cagers defeated Nahma 85-64 in Central League action.

Vandecaveye got a solid performance from his bench as Dave Starnine and Gary Simonsen contributed 17 points to the scoring total.

Coach Seb Rubick's Nahma Arrows stayed with the Yellowjackets in a 19-18 first period but slipped behind, 41-35, at halftime. The Yellowjackets stepped up their pace in the second half to pull steadily away from the Arrows.

Len Eagle led four Perkins players in double figures with 21 points while Nahma had three players in high double digits, paced by Terry Larcheich with 23.

Perkins won the jayvee preliminary, 49-43.

Box score:

U.P. Basketball Season Openers Produce Upsets

Victories by Munising and Painesdale last week may signal the start of wide-open basketball races in Upper Peninsula conferences.

Munising upset highly regarded Marquette by two points in a Great Lakes Conference opener that was as surprising as it was welcome to the victory-hungry Mustangs. They had won only three games in the last two years, finished last in the GLC in 1963 and 1964 and had lost eight straight to the Redmen.

Oddly enough, Painesdale also had dropped eight in a row to Houghton before trouncing the Gremlins in Copper Country Conference competition last week. The Jeffers Jets had a 5-15 mark a year ago, finishing next-to-last after a sixth-place berth the previous winter.

Pre-season indications were for scrambles in Menominee Range, Central U. P., Eastern U. P., Porcupine Mountains and Big Seven league action. Now it's apparent, with title-holding Sault Ste. Marie and Baraga losing most of their starters from a year ago, that the championship races in the Great Lakes and Copper Country circuits will be every bit as exciting.

There's plenty of league action in this week's abbreviated cage menu, but actually the spotlight is on several non-league affairs.

Ishpeming, overpowering a bigger Manistique quintet, meets a veteran outfit at Stambaugh; Kingsford, which may be one of the better Class B teams in the Peninsula, hosts an untied Menominee squad; Escanaba Holy Name and Marquette Bishop Baraga, both lacking league affiliation and both victorious in their first outings, clash on the latter's court, and a Rapid River quintet loaded with veterans goes to Negaunee for a game with a St. Paul squad that still knows how to score points.

Conference-wise, Marquette and Escanaba, third-place finishers in the Great Lakes league last year, tangle in a leading big-school struggle on the Redmen's court, while Eben, which ended one and one-half games off the pace in the Central U.P. League in 1964, hosts champion Nahma in a small-school feature.

Here's the Thanksgiving holiday week's schedule:

Pistons Down Warrior Quint

SAN FRANCISCO (AP) — There's no place like home — and that's why the San Francisco Warriors are happy to get back on the road.

The Warriors embarked on a three-game road trip today, happily leaving behind the Civic Auditorium court where they have yet to win a National Basketball Association game this season.

Their fifth and sixth straight home court losses were inflicted Saturday and Sunday night by the Cincinnati Royals and Detroit Pistons, respectively.

Detroit edged San Francisco 99-97 Sunday night in the only game played.

The twin defeats negated outstanding scoring performances by Wilt Chamberlain, zeroing in on the league scoring lead once again after missing the first five games of the season.

Chamberlain collected 46 points against Cincinnati Saturday night, but the Royals had five men in double figures and won 111-104.

Wednesday

Baltimore Colts Clinch Western Division Crown

By The Associated Press
The Baltimore Colts are planning a retirement party for Gino Marchetti that promises to be more exciting than the one they gave him when he retired last year.
The prize defensive end helped prepare for the festivities Sunday as the Colts whipped Los Angeles 24-7 and clinched first place in the National Football League's Western Conference.
The victory, their 10th straight since losing the season opener to Minnesota, brought the Colts their first conference title since 1958 and 1959 when they also won the league championship.
Immediately after the game, Marchetti announced this was his last season. But retiring is nothing new to the 37-year-old veteran of 13 years in the NFL. He quit after last season, only to be convinced to return for another year.
Even though his bones might not appreciate his decision, Marchetti himself must. Instead of going out on a third-place team that won eight games and lost six, he will retire — if he actually does — after a championship game.
The Colts most likely will play the Cleveland Browns, who lost to Green Bay 28-21 Sunday but still hold a 1½-game lead over St. Louis in the East with three games to play.
Marchetti led a Colt blitz that constantly kept the Los Angeles quarterbacks on their backs. Roman Gabriel was dumped six times for 56 yards in losses and Bill Munson five times for 46 yards, a total of 102.
"What a great game they played," said Baltimore Coach Don Shula of the defensive unit.
In other games, St. Louis crushed Philadelphia 38-13, Detroit tied Minnesota 23-23, Pittsburgh annihilated New York 44-17, Chicago edged San Francisco 23-21 and Washington trimmed Dallas 28-16.
Lenny Moore, who has scored touchdowns in more consecutive games than any other NFL player in history, put the Colts in front with an 18-yard scoring romp in the first quarter. It was the 14th straight game in which he has scored.
Johnny Unitas set up the touchdown with a 62-yard pass to John Mackey. Jerry Hill scored what proved to be the decisive touchdown on a 17-yard run in the third quarter. Los Angeles finally scored in the fourth quarter on Munson's 21-yard pass to Bucky Pope.
Green Bay used a fumble by Jimmy Brown to help hold Cleveland's magic number at two. Any number of Cleveland victories and St. Louis losses totaling two will give the Browns the Eastern title.
Bart Starr scored the Packers' go-ahead touchdown on a four-yard dash shortly after Lionel Alridge fell on Brown's fumble at the Cleveland 222. Starr's 55-yard pass to Max McGee on a fourth-down-and-inches situation at the Packers' 44 set up the tying score 3½ minutes earlier.

Blazers Defeat Joliet, 20-15

JOLIET, Ill. (AP) — The Grand Rapids Blazers beat the Joliet Explorers 20-15 in a United Football League game Sunday.
Grand Rapids scored first in the second quarter on a 10-yard pass from halfback Ron Minkynocki to end Dave Washington.
Behind 7-0 at the half, the Explorers came back in the third period with two touchdowns to take a 13-7 lead. A 47-yard run by Don Thompson and a recovery of their own fumble on the goal line by tackle Walter Nichols, who carried it into the end zone, gave the Explorers the lead.
Joliet blocked a Blazers' kick in the final period for an automatic safety, putting them in front 15-7.
Two final touchdowns by the Blazers — a one-yard plunge by quarterback Ed Chlubek and a 45-yard pass to end Donnie Davis — gave Grand Rapids the victory.

Packers Ambush Cleveland 28-21

MILWAUKEE (AP) — Jim Taylor smashed over for two touchdowns and Paul Hornung kicked four straight conversions in the Green Bay Packers' rallying victory 28-21 over the Cleveland Browns Sunday.
The Packer triumph achieved with three second-half touchdowns after Green Bay trailed 14-7 at the half, slowed Cleveland's drive for the National Football League's Eastern Division championship.
Green Bay scored twice within 3½ minutes of the third quarter.
A gamble paid off for the first touchdown. Bart Starr fired a fourth down pass from his own 44 yard line to Max McGee who carried it to the Cleveland one. Taylor smashed over. He scored his second touchdown in the last period.
For the second third period score the Packers recovered a Jimmy Brown fumble on the Cleveland 22 and Starr engineered a ground drive to the shadow of the visitors goal posts from where he ran for the score.

Lions Rally To Deadlock Vikings; Earn 2nd Place

DETROIT (AP) — Coach George Wilson played percentages perfectly Sunday and his Detroit Lions found themselves the sole occupant of the runner-up spot in the National Football League's Western Division.
The Lions, down 20-6 to the Minnesota Vikings in the third quarter, finished strong to gain a 23-23 tie before a chilled crowd of 48,291 at Tiger Stadium.
Detroit then sat back and awaited results of the West Coast game in which the division-leading Baltimore Colts easily disposed of the Los Angeles Rams, who went into the game tied with Detroit for second place.
The Lions, who never held the lead, salvaged a tie in the final 24 seconds of play when Wayne Walker kicked a 37-yard field goal.
Some of the fans booed a bit when the Lions, faced with a fourth and five situation on the Minnesota 30, went for the tie rather than trying for a touchdown and a win.
Explained Wilson in the Lion dressing room: "We knew Los Angeles probably had more than it could handle with Baltimore and thus we figured the tie would be almost as good as a win for us."
Wilson's logic was irrefutable for the Colts came through as he had anticipated. The defeat dropped Los Angeles to fourth place, and Green Bay moved into third.
So Detroit, with a 5-4-2 record and a .556 standing, held sole possession of second today.
The Chicago Bears will be at Detroit Thanksgiving Day and San Francisco will be here Dec. 13. In between, Detroit will invade Baltimore.
The Vikings, who have won only one of eight clashes with the Lions, drove 46 yards the first time they got the ball and they had a 7-0 lead posted before the game was five minutes old.
Detroit did not get out of its own territory until Milt Plum and Terry Barr teamed on a 55-yard pass play that carried to the Viking yard during the second period. Three plays later, Plum tossed the first of his two touchdown passes of the day to Jim Gibbons, but Wayne Walker's attempted conversion was blocked.
Wilson said of the play: "This game proved once more that the point after touchdown is far from automatic in pro football. You still have to make it the hard way."
The Vikings ran their lead to 20-6 as Fred Cox kicked a pair of field goals and Jim Prestel intercepted a Plum pass and ran 26 yards for a touchdown.
Detroit got back in the game after dumping Fran Tarkenton for a 19-yard loss to his six late in the third period. On the next play Sam Williams pounced on a Viking fumble and ran it in for the score to make it 20-13.
Aided by a 35-yard gain on a pass interference call, the Lions picked up the tying touchdown early in the final quarter as Plum hit Barr with an 18-yard scoring pass to make it 20-20.
The undaunted Vikings marched downfield quickly and Cox added his third field goal, a 39-yarder at 12:38 to give Minnesota a 23-20 lead. Plum brought the Lions right back, hitting on five of six passes as he took the Lions to the Viking 30. Walker then dropped back and kicked his last minute, tying field goal to make it 23-23.
The Vikings still were not dead as Cox tried a desperation 60-yard field goal in the final seconds, but it was short.
Viking Coach Norm Van Brocklin was discomfited over the tie.
"We let them get away from us in the last few seconds after leading all the way. It is frustrating to come so close and end up with nothing but a tie."

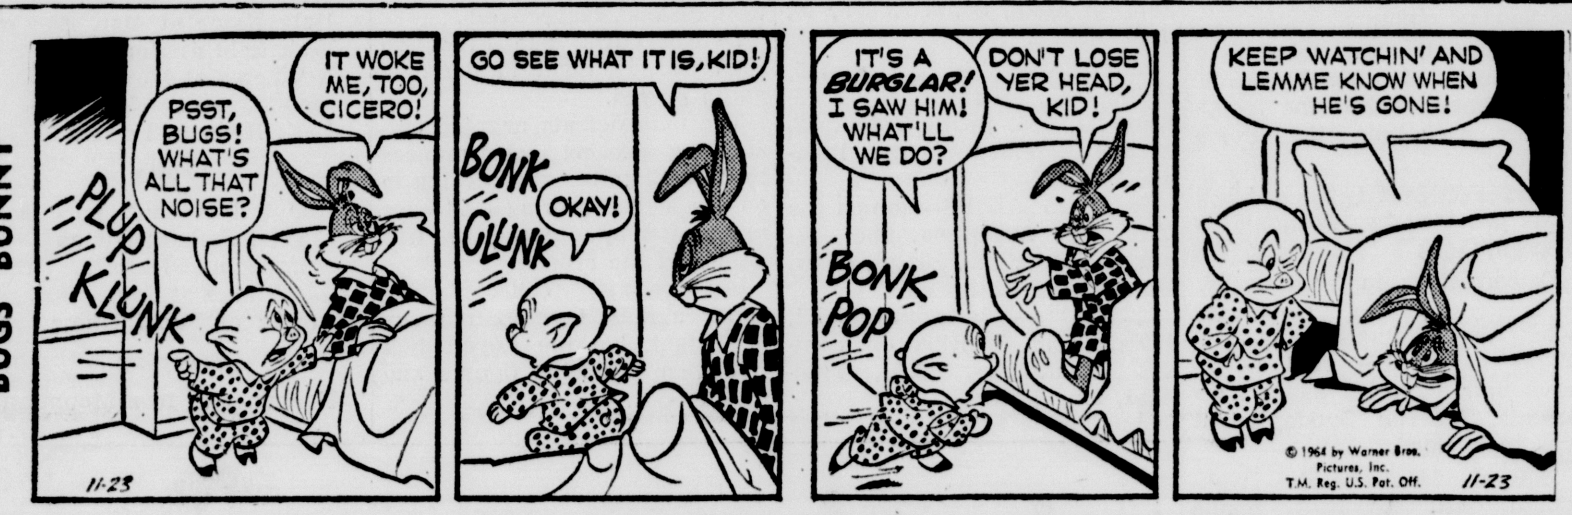

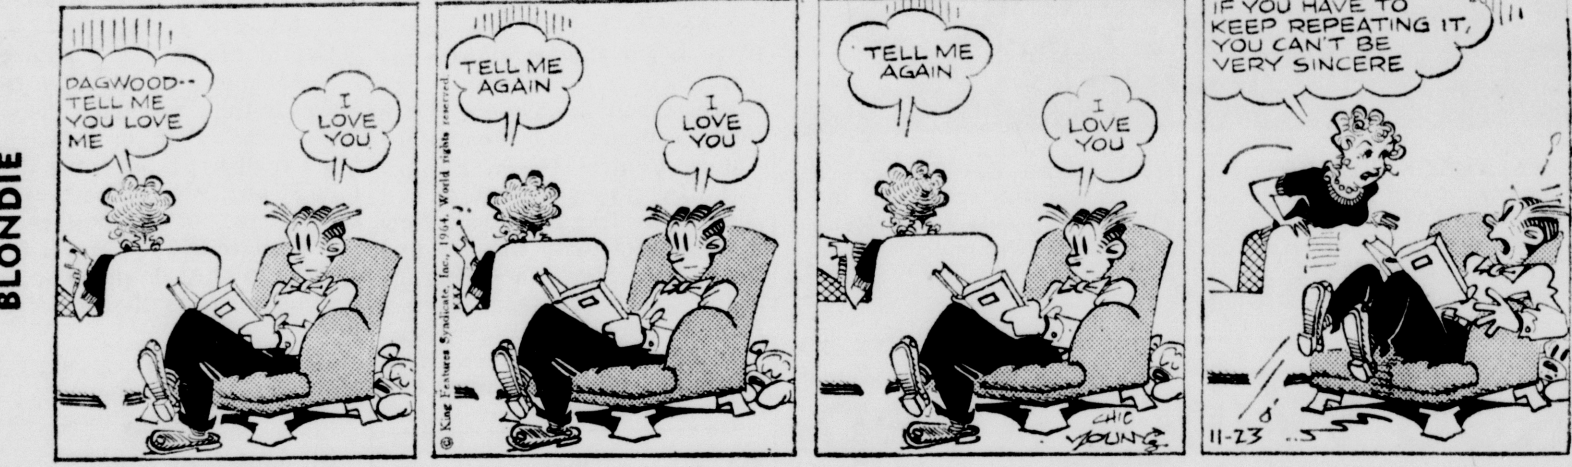

AFL Spotlight Still Focused On 'Wild Bill'

By The Associated Press
The American Football League spotlight which focused on Cookie Gilchrist and Buffalo last week swings 3,000 miles this week to focus on Cookie Gilchrist and Buffalo.
Gilchrist, the wild Bill of the Buffaloes, was bounced from the team last week in a serious dispute with Coach Lou Saban, placed on waivers and apparently headed for another club in a hassle that threatened to wreck Buffalo's Eastern Division title hopes.
Gilchrist, however, made his apologies to coach and players, was reinstated and the loss of the league's top rusher for the \$100 waiver price averted.
Gilchrist should be looking to make further amends in a key clash at San Diego Thursday that could be a preview of the championship game.
The Bills lead the Eastern Division with a 9-1 record to Boston's 8-2-1. The Chargers lead the Western sector with a 7-2-1 record and will be looking to take a big step toward nailing the title by increasing their bulge over runner-up Kansas City, 5-5.
The Chiefs remained in contention Sunday as Len Dawson passed for three touchdowns before suffering a broken nose in a 28-19 victory over Houston that handed the Oilers their eighth consecutive defeat.
In the only other game scheduled, Billy Cannon scored three touchdowns for the first time since 1962 and Cotton Davidson passed for three scores as Oakland whipped New York 35-26.
Boston defeated Denver 12-7 Friday night while Buffalo and San Diego were idle, and preparing for their Thanksgiving Day battle.
Dawson passed 19 and 26 yards to Fred Arbanas for touchdowns in the first half as the Chiefs built a commanding 21-0 lead, then fired a five-yarder to Chris Burford in the third period. Dawson got the broken nose on the final TD and the Chiefs were unable to score again.
Dawson completed nine of 13 passes for 92 yards before he left.

2. In Memoriam

Boucher

In loving memory of Mother and Dad, Earl and Agnes, who passed away 2 years ago November 23, 1962.

What is home without parents. All things this world may send, But when I lost my parents I lost my dearest friends.

Sadly Missed By
Children and Grandchildren

Flemel

In loving memory of Louis Flemel who passed away 2 years ago Nov. 23, 1962.

Often a lonely heartache, And many a silent tear, But always a beautiful memory, Of the one we loved so dear.

Sadly Missed By
Wife, Children & Grandchildren

Kirschner

In loving memory of our dear mother, Mrs. John Kirschner, who passed away two years ago Saturday, Nov. 21, 1963.

Our lips cannot tell how we miss you, Our hearts cannot tell what to say, God alone knows how we miss you.

In a home that is lonesome today, Life is so lonely since you're not here.

How we loved you, bless your dear, kind heart, Sad was the day you departed and Left us with a sad, aching heart.

Sadly Missed by her
Husband, Sons and Daughters,
John Kirschner and Children

Sawchuk Tough In Toronto Net

By The Associated Press

Bob Pulford and Terry Sawchuk, a couple of unsung untouchables, are beginning to look like an unbeatable combination for the Toronto Maple Leafs.

The defending Stanley Cup champions have parlayed Pulford's clutch scoring and the near perfect goaltending of Sawchuk into three straight National Hockey League victories and a challenging position in the scramble for first place.

Pulford scored a goal and set up another while Sawchuk stopped 33 of 34 shots Sunday night as the Leafs beat the Boston Bruins 3-1 and climbed within one point of the front-running Detroit Red Wings.

The Wings took the New York Rangers 3-3 on Lowell MacDonald's breakthrough goal in the closing minutes and the Chicago Black Hawks blitzed the Montreal Canadiens 6-2 in Sunday's other games.

DEER HIDES - We'll pick them up.

NEW YORK can now boast the world's greatest bridge and uncounted thousands of motorists can sigh in relief at not having to toil their way through traffic-congested Manhattan. The bridge is the new \$325 million Verrazano-Narrows span, connecting Brooklyn and Staten Island. Its 4,260-foot suspension section is the longest in the world. U. S. Steel reports that the bridge's four 36-inch-diameter cables are composed of 143,000 miles of pencil-thin galvanized steel wire. An estimated 12.6 million vehicles will cross the six-lane upper deck in its first year. By 1981, the bridge is expected to attain its traffic-carrying capacity of 48 million.

Coal Diggers Work In Copper

BUTTE, Mont. (AP) — This so-called richest hill on earth is providing a richer life for hundreds of miners who saw work in the coal fields of the Appalachian country play out in the past decade.

From Alabama, Kentucky, Tennessee, Virginia and other states they have come to work in Butte's copper mines. Never before, said a Labor Department spokesman, have workers been recruited on such a large scale to move elsewhere for jobs.

About 450 are at work in underground mines of the Anaconda Co., a firm whose vast program to develop the mines had been beset by a shortage of skilled workers.

Unable to get all the help it needed, the company, along with state and federal employment agencies, turned to the Appalachian country where shut-down coal mines spurred unemployment.

For the workers and the company the project has turned out well.

"They're good. They're important to us and we need them," said a spokesman for Anaconda.

It means a steady paycheck for the workers.

"I jumped at the chance to work in Montana," said Lawrence Persinger, 42 of Crab Orchard, W.Va. "The idea of permanent work interests me more than anything else. We didn't have year-round employment in West Virginia."

Persinger began work as a shaftman last February and later brought his wife and three boys to Butte. "My boys like it swell. They've already done their share of hunting and fishing in the surrounding mountains," he said. Persinger had worked in coal mines for 11 years.

Robert Farrell of Grundy, Va., was a foreman in a coal mine for 19 years prior to 1959. He came to Butte in January 1963 and now is a shift boss. He says he likes the job and the people and above all is back at work on the craft he knows.

After training to adapt to copper mining, the men go to work for wages averaging \$21.84 daily.

Some of these who made the westward trek got help from the company in the form of interest-free loans, low-priced housing and proper work clothing.

The men had to pass physical examinations in their home area, have at least three years of mining experience and be 21-45 years old. All made the move at their own expense.

Copper is the predominant metallic element in the U.S. five-cent piece.

STEAL GRAVE CROSSES
SALZBURG, Austria (AP)— "Souvenir hunters" here are no longer satisfied with cow bells; they now also snatch grave crosses.

The cross of the tomb of former Salzburg Archbishop Wolf Dietrich, under whom most of Salzburg's Baroque landmarks were built, was recently stolen from Sebastian Graveyard here.

In recent years the bells of cows grazing freely on alpine pastures have become prized objects of "souvenir hunters." Last fall three young Germans were jailed for three days for stealing cowbells.
